1. Mutual Obligations and Acknowledgments.
 - (a) During the period commencing on the Effective Date (as defined herein) and ending on the termination of this Agreement with respect to, or withdrawal from this Agreement by, such Party in accordance with the terms hereof (such period with respect to such Party, the “**Support Period**”), each Party shall work collaboratively and in good faith with the other Parties to finalize, document and implement a comprehensive recovery plan (including the incorporated terms and conditions below, the “**Recovery Plan**”) incorporating (i) the terms and conditions described on the Recovery Plan Term Sheet attached hereto as Annex D (including all schedules thereto, the “**Recovery Plan Term Sheet**”) (ii) the terms and conditions described on the January Payment Term Sheet (as defined herein) and (iii) such other terms, conditions and documents necessary to implement and effect the Recovery Plan based on, and consistent with, the Recovery Plan Term Sheet and this Agreement, including without limitation the definitive documentation relating to the transactions set forth in the January Payment Term Sheet and the New January Bond Purchase Agreement (as defined herein) (the

- (c) “*Securitization Documents*” means (A) all documents relating to the Securitization Bonds, including, without limitation and for the avoidance of doubt, (i) the Restructuring Resolution (as defined in the Recovery Plan Term Sheet), Securitization Trust Agreement (as defined below), and Servicing Agreement (as defined in the Recovery Plan Term Sheet), (ii) the governing documents of the Securitization SPV, (iii) the form of Securitization Bonds, (iv) any other agreements to be entered into, resolutions adopted or certificates delivered by the Securitization SPV that affect the holders of Securitization Bonds and (v) any documents executed or delivered pursuant to the Securitization Special Legislation (as defined in the Recovery Plan Term Sheet), and the forms of such documents and, without duplication, (B) all documents implementing the transactions contemplated by Schedule II to the Recovery Plan Term Sheet. - (b) During the Support Period, each Holder shall:
- (i) tender any and all Uninsured Bonds (other than the January Payment Bonds) owned or controlled by such Holder in the Exchange Offer. Notwithstanding anything to the contrary in this Agreement, no Holder shall be required to tender into the Exchange Offer any of the Bonds sold by PREPA pursuant to the New January Bond Purchase Agreement (the "**January Payment Bonds**") and the terms of any exchange of the January Payment Bonds shall be governed by the January Payment Term Sheet, the New January Bond Purchase Agreement, and the January Payment Bonds.
- (c) During the Support Period, National and Assured shall:
- (i) participate in purchasing the January Payment Bonds as set forth in section 8, and provide the DSRF sureties, in each case, subject to the terms and conditions set forth in Schedule II to the Recovery Plan Term Sheet (together, the "**Insurers' Transactions**"); *provided* that it shall be a condition precedent to each applicable Insurer's obligations hereunder and under Schedule II to the Recovery Plan Term Sheet that PREPA shall not have commenced or be subject to (a) any proceeding under bankruptcy or insolvency law, (b) any suspension period or proceeding under the Recovery Act, or (c) any other action or proceeding that seeks to adjust, extend or challenge the claims of the Supporting Creditors, in each case whether pursuant to any federal, state, Puerto Rico or other statute or law, now or hereinafter in effect.

For the avoidance of doubt, each applicable Insurer's obligation to participate in the Insurers' Transactions in accordance with the terms of Schedule II to the Recovery Plan Term Sheet shall be limited to the amounts of the Insurers' Transactions that are set forth in the letter agreement between National and Assured described in footnote three of Schedule II to the Recovery Plan Term Sheet, and no Insurer shall be obligated to participate in or perform the Insurers' Transactions in respect of amounts or obligations set forth in such letter or in Schedule II to the Recovery Plan Term Sheet with respect to the other Insurer.

- (ii) National agrees to seek approval of a stay and/or suspend all proceedings related to National's petition for a temporary rate increase filed before the Energy Commission on September 17, 2015, and the subsequent appeal of that action filed with the Puerto Rico Circuit Court of Appeals on October 30, 2015 (the "*Action*") until the earlier of the following occurs (such period, the "*Suspension Period*"): (x) termination of this Agreement and (y) National's withdrawal from or termination of this Agreement. PREPA agrees to support National's request for a stay or suspension, including by filing a formal pleading indicating its support. Such stay or suspension shall be without prejudice to any of the Parties' rights upon resumption of litigation in those proceedings after termination of the Suspension Period. Notwithstanding the foregoing, this Agreement shall not prohibit National from responding to any pleading, order, court communication, or notice as necessary to preserve National's Action and National's rights in the Action during the Suspension Period, or from unilaterally dismissing its appeal of the Action.
- (iii) During the Suspension Period, except to the extent provided in the last two sentences of this paragraph, refrain from instituting, commencing, prosecuting, joining, supporting or otherwise participating directly or indirectly in any way in any legal or administrative proceedings regarding PREPA's rates other than the Rate Structure contemplated in the Recovery Plan. Nothing in this Agreement shall prohibit or limit in any way the Insurers' participation in the Integrated Resources Plan proceedings. Except with respect to the Action to the extent provided herein, this Agreement does not prohibit the Insurers from intervening in, filing pleadings or other documents with, or otherwise participating in any proceeding before the Energy Commission; *provided that*, during the Suspension Period, such intervention or filings shall in no way interfere with or delay PREPA's rate case related to the Rate Structure filed with the Energy Commission pursuant to the Recovery Plan.
- (d) During the Support Period, each of the Insurers and Holders shall:
 - (i) consent to the execution and delivery by PREPA and the Trustee of the TA Amendment, in compliance with the terms of the Trust Agreement;
 - (ii) in the case of a Holder, deliver consents with respect to any and all Uninsured Bonds owned or controlled by such Holder in the Consent Solicitation, and, in the case of an Insurer, deliver consents with respect to any and all Insured Bonds insured by such Insurer, as described in Schedule II to the Recovery Plan Term Sheet, in each case in accordance with the terms of the Bond Documents;
 - (iii) take all commercially reasonable and necessary actions to effectuate and/or implement the TA Amendment, the Insurers' Transactions, the Consent Solicitation and the Exchange Offer, as applicable, including,

without limitation, transmitting its consent direction to its Depository Trust Company participant or participants, and any other person whose action is required to effectuate and/or implement the TA Amendment, the Insurers' Transactions, the Consent Solicitation and the Exchange Offer, as applicable (but without any obligation under this Agreement to indemnify the Trustee); and

- (iv) forbear from exercising, or consenting to the exercise of, any right to direct the Trustee to enforce or exercise any rights or remedies available to the Trustee under the Trust Agreement or applicable law arising solely by reason of any default or event of default under any Bond Document that may have occurred or may subsequently occur as identified on Annex E attached hereto (the "**Bond Potential Defaults**").
- (e) Notwithstanding anything to the contrary contained herein, nothing in this Agreement shall limit or restrict any Holder or Insurer or the Trustee from taking any action that the Trustee or any such Holder or Insurer may take under its respective Bond Documents, at law or in equity, that the Trustee or any such Holder or Insurer deems necessary or appropriate to preserve, protect or defend (but not to enforce) any trust rights, security interests, collateral, pledges of assets, liens, any other property rights or any other rights under the Bond Documents for the benefit of the Trustee or the Bonds, either held directly by the Holders or Insurers or held through the Trustee (the "**Rights**") against any challenge, infringement or assertion of priority, including, without limitation, (i) defending, intervening in or filing pleadings and other documents in any legal proceedings relating to any such Rights, (ii) sending notices to any persons, governmental authorities or entities concerning the existence of any such Rights, (iii) directing the Trustee to take any action to preserve, protect or defend any such Rights, (iv) appearing and participating as a party in interest in any matter to be adjudicated or decided in any bankruptcy or insolvency proceeding concerning PREPA, or (v) otherwise preserving any of the rights, remedies, positions or defenses of such Insurer or Holder or the Trustee, all of which are hereby expressly reserved.
- (f) Notwithstanding anything to the contrary herein but subject to section 22, nothing in this Agreement or the Recovery Plan shall limit or restrict any Insurer or Holder from taking any action that any such Insurer or Holder shall deem necessary or appropriate to preserve, protect or defend any of its rights under this Agreement, the Recovery Plan or the Recovery Plan Documents.
- (g) During the Support Period, (i) except as provided by the Recovery Plan, PREPA's obligations to pay any and all Principal and Interest Requirements when due in accordance with the terms of the Bond Documents shall continue, and (ii) the Insurers and Holders agree and acknowledge that PREPA shall not be required to make transfers to the Revenue Fund or the Sinking Fund pursuant to Sections 506 or 507 of the Trust Agreement.

- (h) Except as expressly provided herein or in the TA Amendment, none of (A) the existence, execution, delivery or performance of any term or provision of this Agreement or the TA Amendment, (B) any failure by any Holder or Insurer to object to any document or action contemplated by or taken under or in connection with this Agreement or the TA Amendment, or (C) any action taken under or in connection with this Agreement or the TA Amendment, including any approvals or consents to any action or document, shall (i) constitute a modification or relinquishment of any term or aspect of, or any right or remedy under or with respect to, the Bond Documents or any other document (other than this Agreement to the extent expressly provided herein) or under applicable law; (ii) constitute a consent to, waiver of, or admission of any default or event of default (or the absence of a default or event of default) in any of the Bond Documents; (iii) extend the due date of any obligations under the Bond Documents or otherwise affect the enforceability of such obligations; (iv) give rise to any obligation to extend, amend, waive or otherwise modify any term or condition of any of the applicable Bond Documents, or in the case of the Insurers and Holders, to direct the Trustee with respect to any of the foregoing; (v) give rise to any defenses or counterclaims to PREPA, the Insurers or the Holders, or to any right of the Insurers or Holders to direct the Trustee under the Bond Documents, to compel payment of the obligations under any of the applicable Bond Documents or to otherwise enforce rights or remedies thereunder or under applicable law; (vi) prohibit any Insurer or Holder from instituting, commencing, prosecuting, joining, interceding in, supporting or otherwise participating directly or indirectly in any way in any legal proceedings regarding the validity or enforceability of the Puerto Rico Public Corporation Debt Enforcement and Recovery Act, Act No. 71-2014 (as amended, supplemented, modified, superseded, or replaced with other legislation in respect of a restructuring of PREPA, the “*Recovery Act*”) or any provision thereof, or intervening or otherwise participating in any lawsuit filed by any party regarding the validity or enforceability of the Recovery Act (any such legal proceedings, actions or lawsuits, “*Recovery Act Legal Actions*”); or (vii) prejudice the rights of any party to the Recovery Act Legal Actions. Except as expressly limited herein, each Insurer, each Holder and PREPA hereby expressly reserves all of its rights, remedies, positions and defenses under or with respect to the Bond Documents and under applicable law, and waives none. From and after the termination of this Agreement as to any Insurer or Holder, (x) each such Insurer or Holder (each, a “*Terminated Insurer*” or “*Terminated Holder*”, respectively) shall be entitled to protect, defend, enforce and assert any of its rights, remedies, positions and defenses under or with respect to the Bond Documents, in accordance with their respective terms, or under applicable law, including without limitation, commencing legal proceedings and (y) PREPA shall, subject to its obligations under this Agreement to the remaining Parties, be entitled to protect, defend, enforce and assert any of its rights, remedies, positions and defenses under or with respect to the Bond Documents, in accordance with their respective terms, or under applicable law, including without limitation, commencing legal proceedings, solely against the Terminated Insurer or Terminated Holder, as

applicable. PREPA acknowledges that no Insurer or Holder has made any representations as to what actions, if any, any Holder or Insurer will take after this Agreement terminates as to such Holder or Insurer (including by withdrawal).

5. Scotiabank and the Scotiabank Lenders' Obligations.

(a) Scotiabank and the Scotiabank Lenders shall (i) (A) consent to the Scotiabank Credit Agreement Amendments (as defined in the Recovery Plan Term Sheet) with respect to all or part of the Scotiabank Loans and/or (B) exchange all or part of the Scotiabank Loans in the Exchange Offer (as described in the Recovery Plan Term Sheet) and (ii) agree to take any and all reasonably necessary and appropriate action to effectuate the Scotiabank Credit Agreement Amendments and/or the Exchange Offer, as applicable, in each case so that the entirety of the Scotiabank Loans are either subject to the Scotiabank Credit Agreement Amendments or exchanged into the Exchange Offer (or a combination thereof).

(b) PREPA, Scotiabank and the Scotiabank Lenders agree that the definition of "Maturity Date" under the Scotiabank Credit Agreement shall be amended in its entirety as follows:

“*Maturity Date*” means the date that certain Amended and Restated Restructuring Support Agreement (as amended, the “Restructuring Support Agreement”) between the Borrower and the Administrative Agent and the Scotiabank Lenders, among other parties, dated as of March 14, 2016, terminates with respect to the Administrative Agent and the Scotiabank Lenders, on the one hand, and the Borrower, on the other hand, or the Administrative Agent and the Scotiabank Lenders cease to be “Supporting Creditors” thereunder, in each case in accordance with the terms of the Restructuring Support Agreement.”

(c) During the Support Period, subject to the terms and conditions set forth herein, Scotiabank and each of the Scotiabank Lenders agrees as follows:

- (i) With respect to the Scotiabank Credit Agreement, Scotiabank and each Scotiabank Lender will forbear from exercising, or consenting to the exercise of, any right to direct the Agent (as such term is defined in the Scotiabank Credit Agreement) to enforce or exercise any rights or remedies available to the Agent under the Scotiabank Credit Agreement or applicable law arising solely by reason of any Default or Event of Default (as such terms are defined in the Scotiabank Credit Agreement) that may have occurred or may subsequently occur as identified on Annex F attached hereto (the “*Scotiabank Potential Defaults*”); and
- (ii) Scotiabank and each Scotiabank Lender will forbear from enforcing or exercising any rights or remedies available under the Loan Documents (as such term is defined in the Scotiabank Credit Agreement) or applicable law in respect of the Scotiabank Potential Defaults.

- (d) Notwithstanding anything to the contrary contained herein, nothing in this Agreement shall limit or restrict Scotiabank or any Scotiabank Lender from (i) taking any action that Scotiabank or any such Scotiabank Lender may take under the Loan Documents, at law or in equity, that Scotiabank or such Scotiabank Lender deems is necessary or appropriate to preserve, protect or defend (but not to enforce) any of the Scotiabank Priority Rights (as defined below) against any challenge, infringement or assertion of priority, including, without limitation, (A) defending, intervening in or filing any legal proceedings relating to any such Scotiabank Priority Rights, (B) sending notices to any persons, governmental authorities or entities concerning the existence of any such Scotiabank Priority Rights, or (C) otherwise preserving any of the rights, remedies, positions or defenses of Scotiabank or such Scotiabank Lender, all of which are hereby expressly reserved; (ii) defending, intervening in or filing pleadings and other documents in any legal proceedings relating to the validity, amount, priority, or other terms of the Scotiabank Credit Agreement or the Scotiabank Loan Obligations; (iii) intervening in, filing pleadings or other documents with, or otherwise participating in any proceeding before the Energy Commission; or (iv) appearing and participating as a party in interest in any matter to be adjudicated or decided in any bankruptcy or insolvency proceeding concerning PREPA, *provided* that the positions advocated in connection with such appearance are not materially inconsistent with the Recovery Plan and do not delay or hinder in any material respect, or prevent consummation of the Recovery Plan. For purposes hereof, “**Scotiabank Priority Rights**” shall mean the treatment of the Obligations (as such term is defined in the Scotiabank Credit Agreement, the “**Scotiabank Loan Obligations**”) as “Current Expenses” under the Trust Agreement.
- (e) PREPA shall continue to make scheduled payments of interest in cash under the Scotiabank Credit Agreement; *provided* that, notwithstanding anything to the contrary in the Scotiabank Credit Agreement, during the Support Period, interest shall accrue and be paid in cash on the Scotiabank Loan Obligations at a rate of 7.25% per annum on the first business day of each month. The Agent on behalf of the Scotiabank Lenders acknowledges and agrees that no default interest under the Scotiabank Credit Agreement will accrue or be paid during the Support Period.
- (f) Except as expressly provided herein, none of (A) the existence, execution, delivery or performance of any term or provision of this Agreement, (B) any failure by Scotiabank or any Scotiabank Lender to object to any document or action contemplated by or taken under or in connection with this Agreement, or (C) any action taken under or in connection with this Agreement, including any approvals or consents to any action or document, shall (i) constitute a modification or relinquishment of any term or aspect of, or any right or remedy under or with respect to, the Loan Documents or a direction to Scotiabank with respect to any of the foregoing; (ii) constitute a consent to, waiver of, or admission of any default or event of default (or the absence of a default or event of default) in any of the Loan Documents; (iii) extend the due date of any

obligations under the Loan Documents or otherwise affect the enforceability of such obligations; (iv) give rise to any obligation to extend, amend, waive or otherwise modify any term or condition of any of the applicable Loan Documents; (v) give rise to any defenses or counterclaims for PREPA, Scotiabank or the Scotiabank Lenders, or to any right of the Scotiabank Lenders to direct the Agent under the Loan Documents, to compel payment of the obligations under any of the applicable Loan Documents or to otherwise enforce rights or remedies thereunder; (vi) prohibit Scotiabank or the Scotiabank Lenders from instituting, commencing, prosecuting, joining, interceding in, supporting or otherwise participating directly or indirectly in any way in any legal proceedings regarding the validity, enforceability or application of the Recovery Act or any provision thereof, or intervening or otherwise participating in any Recovery Act Legal Action; or (vii) prejudice the rights of any party to the Recovery Act Legal Actions. Except as expressly limited herein, Scotiabank, each Scotiabank Lender and PREPA each hereby expressly reserve all of their respective rights, remedies, positions and defenses under or with respect to the Loan Documents and under applicable law, and waive none. From and after the termination of this Agreement as to Scotiabank and the Scotiabank Lenders, (x) Scotiabank and each Scotiabank Lender shall be entitled to protect, defend, enforce and assert any of their respective rights, remedies, positions and defenses under or with respect to the Loan Documents in accordance with their respective terms or under applicable law, including without limitation commencing legal proceedings, and (y) PREPA shall, subject to its obligations under this Agreement to the remaining Parties, be entitled to protect, defend, enforce and assert any of its respective rights, remedies, positions and defenses under or with respect to the Loan Documents in accordance with their respective terms or under applicable law, including without limitation commencing legal proceedings. PREPA acknowledges that none of Scotiabank and the Scotiabank Lenders have made any representations as to what actions, if any, Scotiabank and the Scotiabank Lenders will take after this Agreement terminates, and with respect thereto Scotiabank and the Scotiabank Lenders specifically reserve any and all rights, remedies, and claims Scotiabank and the Scotiabank Lenders have (after giving effect hereto) with respect to the Scotiabank Potential Defaults and each other Default (as such term is defined in the Scotiabank Credit Agreement) that may occur.

- (g) Notwithstanding anything to the contrary herein but subject to section 22, nothing in this Agreement or the Recovery Plan shall limit or restrict Scotiabank or any Scotiabank Lender from taking any action that Scotiabank or such Scotiabank Lender shall deem necessary or appropriate to preserve, protect or defend any of its rights under this Agreement, the Recovery Plan or the Recovery Plan Documents.

6. Solus and the Solus Lenders' Obligations.

- (a) Each Solus Lender (i) shall (A) consent to the Solus Credit Agreement Amendments (as defined in the Recovery Plan Term Sheet, together with the Scotiabank Credit Agreement Amendments, the "***Credit Agreements***

Amendments”) with respect to all or part of the Solus Loans and/or (B) exchange all or part of the Solus Loans in the Exchange Offer (as described in the Recovery Plan Term Sheet) and (ii) agrees to take any and all reasonably necessary and appropriate action to effectuate the Solus Credit Agreement Amendments and/or the Exchange Offer, as applicable, in each case so that the entirety of the Solus Loans are either subject to the Solus Credit Agreement Amendments or exchanged into the Exchange Offer (or a combination thereof).

- (b) During the Support Period, subject to the terms and conditions set forth herein, the Solus Lenders agree that, with respect to the Solus Credit Agreement, the Solus Lenders will forbear from enforcing or exercising any rights or remedies available to the Solus Lenders under the Solus Credit Agreement or applicable law arising solely by reason of any Default or Event of Default (as such terms are defined in the Solus Credit Agreement) that may have occurred or may subsequently occur as identified on Annex G attached hereto (the “*Solus Potential Defaults*”, and collectively with the Scotiabank Potential Defaults and Bond Potential Defaults, the “*Potential Defaults*”).
- (c) Notwithstanding anything to the contrary contained herein, nothing in this Agreement shall limit or restrict Solus from (i) taking any action that Solus may take under the Facility Documents (as such term is defined in the Solus Credit Agreement), at law or in equity, that Solus deems is necessary or appropriate to preserve, protect or defend (but not to enforce) any of the Solus Priority Rights (as defined below) against any challenge, infringement or assertion of priority, including, without limitation, (A) defending, intervening in or filing pleadings and other documents in any legal proceedings relating to any such Solus Priority Rights, (B) sending notices to any persons, governmental authorities or entities concerning the existence of any such Solus Priority Rights, or (C) otherwise preserving any of the rights, remedies, positions or defenses of Solus, all of which are hereby expressly reserved; (ii) defending, intervening in or filing pleadings and other documents in any legal proceedings relating to the validity, amount, priority, or other terms of the Solus Credit Agreement or the Solus Loan Obligations; (iii) intervening in, filing pleadings or other documents with, or otherwise participating in any proceeding before the Energy Commission; or (iv) appearing and participating as a party in interest in any matter to be adjudicated or decided in any bankruptcy or insolvency proceeding concerning PREPA, *provided* that the positions advocated in connection with such appearance are not materially inconsistent with the Recovery Plan and do not delay or hinder in any material respect, or prevent consummation of the Recovery Plan. For purposes hereof, “*Solus Priority Rights*” shall mean the treatment of the Obligations (as such term is defined in the Solus Credit Agreement, the “*Solus Loan Obligations*”) as “Current Expenses” under the Trust Agreement.
- (d) PREPA shall continue to make scheduled payments of interest in cash under the Solus Credit Agreement; *provided* that notwithstanding anything to the contrary in the Solus Credit Agreement, during the Support Period, interest shall accrue and be paid in cash on the Solus Loan Obligations at a rate of 7.25% per annum

on the first business day of each month. Each of the Solus Lenders acknowledges and agrees that no default interest under the Solus Credit Agreement will accrue or be paid during the Support Period.

- (e) Except as expressly provided herein, none of (A) the existence, execution, delivery or performance of any term or provision of this Agreement, (B) any failure by any Solus Lender to object to any document or action contemplated by or taken under or in connection with this Agreement, or (C) any action taken under or in connection with this Agreement, including any approvals or consents to any action or document, shall (i) constitute a modification or relinquishment of any term or aspect of, or any right or remedy under or with respect to, the Facility Documents; (ii) constitute a consent to, waiver of, or admission of any default or event of default (or the absence of a default or event of default) in any of the Facility Documents; (iii) extend the due date of any obligations under the Facility Documents or otherwise affect the enforceability of such obligations; (iv) give rise to any obligation to extend, amend, waive or otherwise modify any term or condition of any of the applicable Facility Documents; (v) give rise to any defenses or counterclaims to PREPA or the Solus Lenders, or to any right of the Solus Lenders to compel payment of the obligations under any of the applicable Facility Documents or to otherwise enforce rights or remedies thereunder; (vi) prohibit the Solus Lenders from instituting, commencing, prosecuting, joining, interceding in, supporting or otherwise participating directly or indirectly in any way in any legal proceedings regarding the validity, enforceability or application of the Recovery Act or any provision thereof, or intervening or otherwise participating in any Recovery Act Legal Actions; or (vii) prejudice the rights of any party to the Recovery Act Legal Actions. Notwithstanding anything to the contrary, nothing in this Agreement shall amend or modify Sections 8.02 and 8.04 of the Solus Credit Agreement. Except as expressly limited herein, each Solus Lender and PREPA hereby expressly reserves all of its rights, remedies, positions and defenses under or with respect to the Facility Documents and under applicable law, and waives none. From and after the termination of this Agreement as to Solus, the Solus Lenders and PREPA shall, subject to PREPA's obligations under this Agreement to the remaining Parties, be entitled to protect, defend, enforce and assert any of their respective rights, remedies, positions and defenses under or with respect to the Loan Documents in accordance with their respective terms or under applicable law, including without limitation commencing legal proceedings. PREPA acknowledges that Solus has made no representations as to what actions, if any, Solus will take after this Agreement terminates as to Solus (including by withdrawal), and with respect thereto Solus hereby specifically reserves any and all rights, remedies, and claims it has (after giving effect hereto) with respect to the Solus Potential Defaults and each other Default (as such term is defined in the Solus Credit Agreement) that may occur.
- (f) Notwithstanding anything to the contrary herein but subject to section 22, nothing in this Agreement or the Recovery Plan shall limit or restrict Solus from taking any action that Solus shall deem necessary or appropriate to preserve, protect or

defend any of its rights under this Agreement, the Recovery Plan or the Recovery Plan Documents.

7. GDB's Obligations.

(a) During the Support Period:

- (i) GDB shall work cooperatively with PREPA, the Securitization SPV, the Supporting Creditors and their advisors to prepare and execute any documentation necessary (including the Recovery Plan Documents), as well as to take such steps as are commercially reasonable, necessary or appropriate to support, facilitate, implement and consummate the Recovery Plan;
- (ii) GDB (x) shall consent to the GDB Loan Amendments (as defined in the Recovery Plan Term Sheet) with respect to all or part of its indebtedness under the GDB Loan Agreements and/or (y) exchange all or part of its indebtedness under the GDB Loan Agreements in the Exchange Offer (as described in the Recovery Plan Term Sheet) and (z) agrees to take any and all reasonably necessary and appropriate action to effectuate the GDB Loan Amendments and/or the Exchange Offer, as applicable, in each case so that the entirety of its indebtedness under the GDB Loan Agreements is either subject to the GDB Loan Amendments or exchanged into the Exchange Offer (or a combination thereof);
- (iii) upon the request of PREPA, the Securitization SPV or the Supporting Creditors, GDB shall provide reasonable access to its management in connection with the documentation, execution, and implementation of the Recovery Plan in the form of regular meetings between and/or among such management, advisors to PREPA, the Securitization SPV and the Supporting Creditors and/or their advisors;
- (iv) upon the terms and subject to the conditions set forth herein, GDB shall not enforce any rights or remedies (including, without limitation, the commencement of any legal proceedings and the exercise of any right of setoff or recoupment) against PREPA or its assets in respect of GDB's rights or claims under the GDB Loan Agreements or GDB's pecuniary rights or claims to payment under any other contract or agreement between GDB and PREPA;
- (v) GDB shall refrain from directly or indirectly promoting or supporting any bill or legislation that is materially inconsistent with the Recovery Plan or this Agreement, that would materially and adversely affect the ability of PREPA or the Securitization SPV to comply with its obligations under this Agreement or under the Recovery Plan Documents, or that would materially and adversely affect any Supporting Creditor in its capacity as a PREPA creditor; and

- (vi) GDB shall refrain from (i) taking, recommending, proposing, supporting, soliciting, or participating in any action not required by law that is inconsistent in any material respect with, or that would materially delay or impede approval, execution of documentation for, or implementation or consummation of the Recovery Plan, or that is otherwise inconsistent in any material respect with the express terms of this Agreement, and (ii) directly or indirectly, proposing, supporting, soliciting, or participating in the formulation of any plan or proposal to restructure PREPA other than the Recovery Plan.
- (b) Nothing contained in this Agreement is intended, or shall be deemed or construed to (i) constitute a waiver of any term or provision of the GDB Agreements (other than waiver of the exercise of any rights or remedies, including any exercise of a setoff or recoup right, in each case during the Support Period) and any other agreements between GDB and PREPA or applicable law, (ii) establish a custom or course of dealing between PREPA, on the one hand, and GDB, on the other hand, or (iii) limit or restrict GDB's ability or right to exercise its duty to act as the fiscal agent to any other person.
- (c) Notwithstanding anything to the contrary contained herein, nothing in this Agreement shall limit or restrict GDB from taking any action that GDB may take under the GDB Agreements, at law or in equity, that is necessary or appropriate to preserve, protect or defend (but not to enforce) any of GDB's rights thereunder against any challenge, including, without limitation, (i) defending, intervening in or filing any legal proceedings relating to any such GDB's rights, (ii) sending notices to any persons, governmental authorities or entities concerning the existence of any such GDB's rights, or (iii) otherwise preserving any of the rights, remedies, positions or defenses of GDB, all of which are hereby expressly reserved; *provided*, however that during the Support Period GDB shall not have the right to setoff against any of PREPA's moneys, notwithstanding if GDB has such rights under the GDB Loan Agreements or under any other applicable documents or law.
- (d) Upon termination of this Agreement, without the requirement of any notice to PREPA or any other person or Party: (i) all agreements set forth in section 7(a)(iv) of this Agreement shall terminate automatically and be of no further force or effect, and (ii) subject to the terms of the GDB Agreements and applicable law, except as otherwise required by this Agreement, GDB and PREPA shall be free in their sole and absolute discretion without limitation to proceed to enforce any or all of their respective rights and remedies set forth in the GDB Agreements and applicable law including, without limitation, commencing legal proceedings. Notwithstanding anything to the contrary herein but subject to section 22, nothing in this Agreement or the Recovery Plan shall limit or restrict GDB from taking any action that GDB shall deem necessary or appropriate to preserve, protect or defend any of its rights under this Agreement, the Recovery Plan or the Recovery Plan Documents.

- (e) GDB agrees that during the Support Period PREPA shall have no obligation to pay any principal or interest under the GDB Loan Agreements, *provided* that interest shall continue to accrue but shall not be payable unless and until all principal and interest due and payable to the Supporting Creditors shall have been paid; notwithstanding the foregoing, such GDB principal or interest payments may be made on a current basis to the extent paid out of funds disbursed by a federal or local governmental entity (other than PREPA) for the purpose of paying such amounts pursuant to a federal or local program or appropriation.
- (f) Except as expressly provided in this Agreement, including the Recovery Plan and any Recovery Plan Document, GDB shall in no way be required as a result of this Agreement to expend any cash resources or assume any additional risk or liability in support of the Recovery Plan or this Agreement. GDB acknowledges that PREPA and the Supporting Creditors have made no representations as to what actions, if any, PREPA or any of the Supporting Creditors will take after this Agreement terminates.

17. Amendments and Waivers. Once effective, this Agreement, including, for the avoidance of doubt, the Recovery Plan Term Sheet attached hereto as Annex D, may not be modified, amended, supplemented or otherwise altered (except as expressly provided herein), and no term or condition may be waived (such modification, amendment, supplement and waiver, referred to collectively as an “**Amendment**”), except in a writing signed by PREPA, the Securitization SPV and Majority Holders, Supermajority Insurers, Majority Scotiabank Lenders and Majority Solus Lenders; *provided, however*, that:

- (a) any Amendment to the terms described in Schedule I to the Recovery Plan Term Sheet (the “**Holdings’ Terms**”), shall require the written consent of: (i) PREPA and the Securitization SPV, (ii) Holders that beneficially own or control at least 80.0% in principal amount of the aggregate amount of the Uninsured Bonds beneficially owned or controlled by all the Holders that are Supporting Creditors at such time (the “**Supermajority Holders**”) and (iii) (A) Supermajority Insurers, Majority Scotiabank Lenders and Majority Solus Lenders, if such Amendment (x) does not enhance or improve the Holders’ Terms and (y) does not materially and adversely affect any of the Insurers or the Credit Agreements Lenders, or (B) Insurers that beneficially control or insure at least 75.0% in principal amount of the aggregate amount of the Bonds beneficially controlled or insured by all the Insurers that are Supporting Creditors at such time (the “**Supermajority Insurers**”) if the conditions of either clause (x) or (y) above are not satisfied with respect to any Insurer and Supermajority Credit Agreements Lenders (as defined herein) if the conditions of either clause (x) or (y) above are not satisfied with respect to any Credit Agreements Lender;
- (b) any Amendment to the terms described in Schedule II to the Recovery Plan Term Sheet (the “**Insurers’ Terms**”), shall require the written consent of: (i) PREPA and the Securitization SPV, (ii) Supermajority Insurers and (iii) (A) Supermajority Holders, Majority Scotiabank Lenders and Majority Solus Lenders, if such Amendment (x) does not enhance or improve the Insurers’ Terms and (y) does not materially and adversely affect any of the Holders or the Credit Agreements Lenders, or (B) Supermajority Holders if the conditions of either clause (x) or (y) above are not satisfied with respect to any Holder and Supermajority Credit Agreements Lenders if the conditions of either clause (x) or (y) above are not satisfied with respect to any Credit Agreements Lender;
- (c) any Amendment to the terms described in Schedule III to the Recovery Plan Term Sheet (the “**Fuel Lines Lenders’ Terms**”), shall require the written consent of: (i) PREPA and the Securitization SPV, (ii) Solus Lenders holding at least 75.0% in principal amount of the Solus Principal Amount held by all Solus Lenders that are Supporting Creditors at such time and Scotiabank Lenders holding at least 75.0% in principal amount of the Scotiabank Principal Amount held by all Scotiabank Lenders that are Supporting Creditors at such time (the “**Supermajority Credit Agreements Lenders**”) and (iii) (A) Majority Holders and Supermajority Insurers, if such Amendment (x) does not enhance or improve the Credit Agreements Lenders’ Terms and (y) does not materially and adversely affect any of the Holders or the Insurers, or (B) Supermajority Holders if the conditions of either clause (x) or (y) above are not satisfied with respect to any Holder and Supermajority Insurers if the conditions of either clause (x) or (y) above are not satisfied with respect to any Insurer; or
- (d) any Amendment to the non-economic terms described in Schedules IV, VI, VII, VIII and IX to the Recovery Plan Term Sheet (the “**Non-Economic Terms**”), shall require the written consent of: (i) PREPA and the Securitization SPV,

(ii) Supermajority Holders, (iii) Supermajority Insurers and (iv) Supermajority Credit Agreements Lenders.

- (e) Notwithstanding anything in this section 17,
- (A) any Amendment that alters the percentage of Bond Principal Amount, Solus Principal Amount or Scotiabank Principal Amount, as applicable, required for (i) determining consents, amendments, terminations, withdrawals, extensions or other actions hereunder (including, without limitation, this section 17), or (ii) determining the termination or withdrawal rights of such Supporting Creditors hereunder (including, without limitation, sections 10 or 13), in each case, shall not be effective unless in writing and signed by PREPA, the Securitization SPV and each Supporting Creditor affected by such Amendment;
 - (B) any Amendment whose sole effect is to change one or more dates or deadlines set forth in sections 10 or 13 (other than as set forth in sections 13(a) and 10(l)) shall require the consent of PREPA, the Securitization SPV, GDB, Supermajority Insurers and the Requisite Supporting Creditors; and
 - (C) other than as provided in sections 17(e)(A) and 17(e)(B), any Amendment that materially alters any provision relating to termination or extension of, or withdrawal from, this Agreement (including for the avoidance of doubt, an amendment to the dates set forth in sections 13(a) or 10(l)) shall not be effective unless in writing and signed by PREPA, the Securitization SPV, GDB, the Supermajority Holders, the Supermajority Insurers and the Supermajority Credit Agreements Lenders;

provided, that section 13(d) and this section 17 shall not be amended without the written consent of each Supporting Creditor that is a Party to this Agreement as of the date of such Amendment.

Notice of any Amendment pursuant to this section 17 shall be provided to each Supporting Creditor within two (2) business days of the date of such Amendment.

18. Assignment; Transfer Restrictions.

- (a) For the period commencing as of the date any Supporting Creditor executes this Agreement until the earliest to occur of (i) the fifteenth (15th) business day following such date if the New Restatement Effective Date has not occurred and (ii) termination of this Agreement as to such Supporting Creditor pursuant to the terms hereof (the “**Bond Transfer Limitation Period**”), such Supporting Creditor shall not sell, assign, transfer or otherwise pledge or dispose (“**Transfer**”) any Uninsured Bonds beneficially owned by such Supporting Creditor, or any voting, consent or direction rights related to such Uninsured Bonds, except such Transfer may be made (A) if the transferee is a Supporting Creditor at the time of the Transfer or (B) if the transferee is not a Supporting Creditor at the time of the

Transfer, such transferee (a transferee pursuant to this clause (B) or the immediately preceding clause (A), a “**Bond Qualified Transferee**”) delivers to each of the Supporting Creditors’ advisors and PREPA, at or prior to the time of the Transfer, the joinder attached hereto as Annex B-1, pursuant to which such transferee shall assume all obligations of such Supporting Creditor transferor hereunder (such transferee, if any, shall also be a “Supporting Creditor” hereunder). In addition, and without limiting the foregoing, each of the Insurers agrees that it will not transfer any voting, consent or direction rights related to Insured Bonds during the Bond Transfer Limitation Period unless the transferee agrees to be bound by the terms of this Agreement and delivers notice of such agreement to each of the Supporting Creditors and PREPA; provided that an Insurer may Transfer Insured Bonds beneficially owned by such Insurer if the Transfer is by an Insurer and the Bonds Transferred are Insured Bonds, and the representations and warranties of the applicable Insurer contained in section 12(c) hereof are true after giving effect to the Transfer with respect to such Bonds. To the extent that a Transfer violates the provisions of this section, the Transfer shall be void *ab initio* and the applicable Bonds and the Supporting Creditor attempting the Transfer of the Bonds shall continue to remain subject to the terms of this Agreement. This Agreement shall in no way be construed to preclude any of the Supporting Creditors from acquiring additional Bonds; *provided* that any such acquired Uninsured Bonds shall automatically and immediately upon acquisition by a Supporting Creditor be deemed subject to all of the terms of this Agreement.

- (b) For the period commencing as of the date any Supporting Creditor executes this Agreement until the earliest to occur of (i) the fifteenth (15th) business day following such date if the New Restatement Effective Date has not occurred and (ii) termination of this Agreement pursuant to the terms hereof (the “**Fuel Line Limitation Period**”), such Supporting Creditor shall not Transfer all or a portion of any of its rights and obligations under any Credit Agreement except such Transfer may be made (A) if the transferee is a Supporting Creditor at the time of the Transfer, or (B) if the transferee is not a Supporting Creditor at the time of the Transfer, such transferee (a “**Credit Agreement Qualified Transferee**”) delivers to each of the Supporting Creditors’ advisors and PREPA, at or prior to the time of the Transfer, the joinder attached hereto as Annex B-2, pursuant to which such transferee shall assume all obligations of such Supporting Creditor transferor hereunder (such transferee, if any, shall also be a “Supporting Creditor” hereunder). To the extent that a Transfer violates the provisions of this section, the Transfer shall be void *ab initio* and the applicable rights and obligations under the applicable Credit Agreement and the Supporting Creditor attempting the Transfer of such rights and obligations shall continue to remain subject to the terms of this Agreement. This Agreement shall in no way be construed to preclude any of the Supporting Creditors from acquiring additional rights and obligations under any Credit Agreement; *provided* that any such acquired rights and obligations under a Credit Agreement shall automatically and immediately upon acquisition by a Supporting Creditor be deemed subject to all of the terms of this Agreement.

- (c) Notwithstanding anything contained in this Agreement to the contrary, (i) a Supporting Creditor may Transfer any right, title or interest in the Uninsured Bonds, the Scotiabank Credit Agreement, or the Solus Credit Agreement to a Qualified Marketmaker, acting in its capacity as a Qualified Marketmaker, without the requirement that such Qualified Marketmaker be or become a Supporting Creditor; *provided* that such Qualified Marketmaker subsequently Transfers such right, title or interest in the Uninsured Bonds, the Scotiabank Credit Agreement or the Solus Credit Agreement to a Supporting Creditor, a Bond Qualified Transferee or a Credit Agreement Qualified Transferee within the earlier of (x) the date that is ten (10) days after such Qualified Marketmaker's acquisition of such right, title or interest and (y) in the event the transfer to the Qualified Marketmaker occurs prior to the record date set for the Exchange Offer and Consent Solicitation, the record date set for the Exchange Offer and Consent Solicitation; and (ii) to the extent that a Supporting Creditor is acting in its capacity as a Qualified Marketmaker, it may Transfer any right, title or interest in the Uninsured Bonds that the Qualified Marketmaker acquires from a holder of the Uninsured Bonds that is not a Supporting Creditor without the requirement that the transferee be or become a Supporting Creditor.
- (d) “**Qualified Marketmaker**” means an entity that (x) holds itself out to the market as standing ready in the ordinary course of its business to purchase from customers and sell to customers debt securities such as the Bonds or debt obligations such as the Scotiabank Loans and the Solus Loans or enter with customers into long and short positions in debt securities such as the Bonds, in its capacity as a dealer or market maker in such Bonds; (y) is in fact regularly in the business of making a market in debt securities or bank debt obligations; and (z) if transacting with respect to Bonds, is registered with the Securities and Exchange Commission and Financial Institutions Regulatory Authority.

No later than the first (1st) business day of each month, and upon PREPA's reasonable request, (i) each Holder shall disclose to PREPA a list of the principal amount of Uninsured Bonds beneficially owned by such Holder, and (ii) the Ad Hoc Group shall disclose to PREPA a list, by CUSIP number, of the aggregate principal amount of Uninsured Bonds collectively held by the Ad Hoc Group, which disclosures pursuant to the preceding clauses (i) and (ii) shall be treated as confidential information by PREPA and the Securitization SPV in accordance with section 14(d). The foregoing shall not prohibit PREPA from disclosing the aggregate holdings of the Ad Hoc Group or all Supporting Creditors collectively.

19. No Third Party Beneficiaries. The terms and conditions of this Agreement are intended solely for the benefit of the Parties and their respective successors and permitted assigns, and it is not the intention of the Parties to confer third-party beneficiary rights upon any other person; *provided* that beneficial holders of the January Payment Bonds shall be third-party beneficiaries of Section 2.2(d) of this Agreement and of Section 22 of this Agreement to the extent it relates to Section 2.2(d).

20. No Solicitation. The Parties acknowledge and agree that neither the negotiation nor the execution and delivery of this Agreement is, nor shall it be deemed to be, a solicitation within the meaning of any applicable state or federal securities laws.

21. Settlement Discussions. This Agreement is the product of negotiations among the Parties hereto and reflects various agreements and compromises to implement the Recovery Plan. Pursuant and subject to Federal Rule of Evidence 408 and any applicable state or Commonwealth rules of evidence, this Agreement and all negotiations relating hereto shall not be admissible into evidence in any proceeding other than a proceeding to enforce the terms of this Agreement.

22. Remedies. The sole and exclusive remedy of any Party for any breach of this Agreement by any other Party shall be termination under section 13 or withdrawal under section 10, and such breach shall not give rise to any claims against any Party at law or in equity; *provided, however,* that notwithstanding the foregoing, the Parties agree that (i) irreparable damage would occur in the event that any Supporting Creditor breaches its obligations under sections 4(b)(i), 4(c)(i)-(iii), 4(d)(i)-(ii), 5(a)(i), 6(a)(i), 7(a)(ii)(x) and (y), 15 or 17(e) (the “*Specified Sections*”) of this Agreement, and accordingly PREPA shall be entitled to specific performance in the event of any breach of the Specified Sections in the Enforcement Court (as defined below) if such breach has not been cured within ten (10) days after receipt by the applicable Supporting Creditor of a written notice specifying such breach and requesting its cure; (ii) irreparable damage would occur in the event that PREPA or any Supporting Creditor breaches its obligations under sections 1(b) or 14 of this Agreement, and accordingly PREPA and each Supporting Creditor shall be entitled to specific performance in the event of any breach of sections 1(b) or 14 of this Agreement in the Enforcement Court; (iii) irreparable damage would occur in the event that the Securitization SPV breaches its obligations under section 2.2(d) of this Agreement, and accordingly PREPA and the holders of the January Payment Bonds shall be entitled to specific performance in the event of any breach of section 2.2(d) of this Agreement in the Enforcement Court; and (iv) specific performance in accordance with the preceding clauses (i) , (ii) and (iii) (as applicable), together with termination of this Agreement in accordance with section 13 and withdrawal from this Agreement in accordance with section 10, as applicable, shall be the sole remedies for any breach of the Specified Sections or sections 1(b), 14 or 2.2(d) of this Agreement. For the avoidance of doubt, no Party shall be entitled to monetary damages for any breach of any provision of this Agreement, including the Specified Sections. As used herein, the “*Enforcement Court*” refers to any federal court sitting in the Puerto Rico district and any appellate court from any thereof or, in the event such federal court does not have or accept jurisdiction, a Commonwealth court and any appellate court from any thereof.

For the avoidance of doubt, any consent right, termination right or withdrawal right provided to a Supporting Creditor under this Agreement shall be cumulative to, and not in lieu of, any other consent right, termination right or withdrawal right provided to such Supporting Creditor hereunder.

23. No Waiver. The failure or neglect by a Party to enforce any rights under this Agreement will not be deemed to be a waiver of that Party’s rights. No waiver of satisfaction or

nonperformance of an obligation under this Agreement will be effective unless in writing and signed by the Party granting the waiver.

24. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors, legal representatives and assigns. PREPA shall not assign or transfer its rights under this Agreement without the consent of each of the Supporting Creditors. No Supporting Creditor shall assign or transfer its rights under this Agreement other than in connection with a Transfer pursuant to section 18 of this Agreement. This Agreement is entered into for the exclusive benefit of the Parties hereto, no other person shall derive any rights or benefits herefrom, and all third-party beneficiary rights are hereby expressly disclaimed; *provided* that beneficial holders of the January Payment Bonds shall be third-party beneficiaries of Section 2.2(d) of this Agreement and of Section 22 of this Agreement to the extent it relates to Section 2.2(d).

25. Further Assurances. The parties hereto agree that upon the reasonable request of any other Party to this Agreement, each such Party will execute and deliver to the requesting Party such other additional instruments and documents or perform or cause to be performed such other and further acts and things, as may be reasonably necessary to more fully consummate the transactions as set forth in this Agreement; *provided, however*, that performance by any Party under this paragraph shall not create any new liability or obligation on the performing Party whatsoever.

26. Notice. All notices or demands given or made by one Party to the other relating to this Agreement shall be in writing and either (i) personally served or sent by registered or certified mail, postage paid, return receipt requested, overnight delivery service, in each case, with a copy by electronic mail transmission or (ii) by electronic mail transmission with a copy by first-class mail, and shall be deemed given for purposes of this Agreement on the earlier of the date of actual receipt or three (3) days after the deposit thereof in the mail; *provided, however*, that no notice or consent pursuant to any provision of this Agreement, including for the avoidance of doubt Sections 10, 13 and 17, shall be deemed to have been delivered by any Scotiabank Lender unless given by Scotiabank, in which case such notice or consent shall be deemed to have been given by, and be effective as to, all Scotiabank Lenders. Scotiabank and each Scotiabank Lender hereby agree, for the sole benefit of Scotiabank and each other Scotiabank Lender, as applicable, that Scotiabank shall give such notices and consents in accordance with and subject to the provisions of the Scotiabank Credit Agreement, including Section 9.02 thereof. Any notice required to be given by any Party hereunder may be delivered by such Party's counsel on such Party's behalf. Unless a different or additional address for subsequent notices is specified in a notice sent or delivered in accordance with this section, such notices or demands shall be sent solely to the notice addresses listed below for advisors to the Supporting Creditors and the other below-listed entities:

29. WAIVER OF TRIAL BY JURY. EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION ARISING SOLELY OUT OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, ANY PRESENT OR FUTURE MODIFICATION THEREOF, WHETHER SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION IS NOW EXISTING OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR COPY OF THIS SECTION WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF ANY RIGHT THEY MIGHT OTHERWISE HAVE TO TRIAL BY JURY. 30. Survival. Upon the termination of this Agreement as to a Party hereunder, (i) such Party shall cease to be a party to this Agreement and this Agreement shall be null and void and of no further force or effect with respect to such Party, except that, notwithstanding anything to the contrary in this Agreement, sections 1(b), 16, 19, 21, 22, 26 – 30 and 32 (and, in the event the Exchange Offer is consummated, Section 2.2(d)) shall survive and continue to be fully enforceable in accordance with their terms notwithstanding such termination, (ii) the applicable Party shall be free to enforce their respective rights and remedies under (A) the Bond Documents and applicable law, (B) the Loan Documents, the Facility Documents and applicable law, and (C) the GDB Agreements and applicable law, in each case as applicable, and (iii) nothing herein shall be construed as a waiver by any Party of any or all of such Party's rights, and the Parties expressly reserve any and all of their respective rights, subject to the terms of section 16.

The non-interim appointment of the directors shall be made by the Governor after receiving input from the President of the Senate and the President of the House of Representatives not later than March 1, 2016. The directors so appointed by the Governor shall be selected from a list of at least ten (10) candidates prepared by a recognized firm in the field of search for executive candidates, according to objective criteria that take into account professional and educational backgrounds and delivered to the Governor. No member of the Board shall receive more than fifty thousand dollars (\$50,000) annually, on such account.

Accordingly, the Governor shall elect from a list of at least ten (10) candidates submitted by a recognized firm in the field of search for executive candidates, which will be selected following objective criteria that take into account experience as well as professional and educational qualifications. Such list shall include at least two (2) residents of the Commonwealth. Upon expiration of their respective terms, the Governor shall appoint successors for a period of six (6) years following the same procedures by which the original,

non-interim appointments were made. No non-interim director may be designated for said position for more than two (2) terms. Directors may be removed by the Governor only for Cause. The process of selection of candidates performed by a recognized firm in the field of search for executive candidates shall be effective for a period of fifteen (15) years, after which the Legislative Assembly will evaluate the performance of the Corporation and the Board and determine whether or not it is appropriate to continue with said process of election. If the Legislative Assembly takes no action upon the expiration of the period described in the preceding sentence, the process for selecting directors shall continue in effect until the Legislative Assembly changes such process, subject to any requirements imposed by any Trust Agreement and laws applicable to the preservation of the tax-exempt or otherwise tax favored status of interest on any Restructuring Bonds.

(2) Notwithstanding any other provision of law and any rule of court, no appeal shall be allowed from any judgment entered pursuant to this Act unless it is filed with the Supreme Court of the Commonwealth within 30 days after the notice of entry of the judgment, and the failure to file such appeal within such period shall thereafter bar any appeals court from exercising jurisdiction over the matters which could be so appealed.

(g) Agreement to Issue Restructuring Bonds. The Corporation may issue Restructuring Bonds, in one or more series, and at one or more times, pursuant to an agreement to issue the Restructuring Bonds [[or to defease PREPA's outstanding debt]]. The Restructuring Bonds may be sold for cash or delivered to any Person for such consideration (provided by that Person or any other Person) as the Board may deem adequate. No later than the third business day after the pricing of the related Restructuring Bonds in accordance with any such agreement, the Servicer shall calculate and the calculation agent for Corporation employed in accordance with the provisions of the applicable Trust Agreement shall confirm the calculation of the initial Transition Charges, which shall be effective from the date specified in the corresponding Restructuring Resolution without any further action by the Corporation or any other Person.

(h) Irrevocability. Upon the issuance of the Restructuring Bonds, the Restructuring Resolution corresponding thereto, the related Transition Charges, including their Non-bypassability and the procedures for the applicable Adjustment Mechanism, as provided in the Restructuring Resolution, Trust Agreement or other security document related thereto, shall be irrevocable, final, non-discretionary and effective without further action by the Corporation or any other Person.

(i) Transition Charges Non-bypassable; Payment to Depository. For so long as Restructuring Bonds are outstanding, and the Approved Restructuring Costs (including, without duplication, any payments that have or may become due under Ancillary Agreements) have not been paid in full, the Transition Charges authorized and imposed by this Act shall be Non-bypassable and shall apply to all Customers.

Without limiting authority elsewhere conferred, PREPA is hereby authorized and directed to enter into a Servicing Agreement and perform such duties of the Servicer as may be required or permitted by this Act, to provide further assurances to the Corporation, other Financing Entities or the owner (if different) of all or a portion of the Restructuring Property in respect of the Restructuring Property and receipt of the Transition Charge Revenues, and to do all things necessary or desirable for the accomplishment of the purposes of this Act. The Servicer shall terminate service to non-paying Customers on the same basis as termination of service is permitted for nonpayment of electric or other rates by PREPA, but none of the Corporation, other owner of the Restructuring Property and the Trustee may directly terminate electric service to any Customer.

The Corporation shall impose and adjust, and the Corporation, PREPA and, if different, the Servicer (as their respective duties may be specified pursuant to the applicable Restructuring Resolution) shall impose and adjust, bill and collect any Transition Charges applicable to all Customers, shall include in each such bill the applicable Transition Charge as a separate line item (or footnote), shall allocate partial payments by Customers between the Corporation and PREPA as provided in subsection (k)(1) below and the Servicing Agreement, and shall take all other actions permitted by law to collect unpaid bills including making use of any intercept provisions for non-payment of electric or other rates by public agencies, municipalities, public corporations or other governmental entities that is applicable to nonpayment of electric or other rates charged by PREPA, shall exercise all enforcement rights of the owner or pledgee of the Restructuring Property for the benefit of such owner or pledgee, and shall remit any Transition Charge Revenue to the owner or pledgee of the Restructuring Property. The corresponding Trust Agreement may provide that the calculation of all Transition Charges and adjustments thereto shall be confirmed by a third-party calculation agent unrelated to the Government of Puerto Rico or PREPA (which may be the Servicer if PREPA is no longer the Servicer) appointed by the Corporation or the Trustee.

The Servicer shall, except to the extent otherwise specified in a Restructuring Resolution, be entitled to reasonable compensation, which in the case of PREPA shall not be less than the estimated incremental cost of imposing and billing the Transition Charges and collecting the Transition Charge Revenues, preparing servicing reports and performing customary servicing services required by any Servicing Agreement in connection with the Restructuring Bonds. The Corporation (or the Trustee in accordance with the terms of the applicable Trust Agreement) is authorized to replace the Servicer upon the occurrence in respect of such Servicer of an event of default as defined or specified in the Servicing Agreement.

As soon as possible after receipt of same, all Transition Charge Revenues and PREPA charges shall be paid or deposited or directed to be paid or deposited to a special collection account at a bank organized under and subject to regulation by the laws of the United States or any state thereof (and licensed to operate in the Commonwealth) selected by the Corporation and not related to PREPA or the Commonwealth or under the control of PREPA. Such amounts shall be allocated and remitted to the Corporation or its assigns or pledgees and to PREPA or its assigns or pledgees on a daily basis in accordance with their respective interests. Any Servicing Agreement and depository agreement shall be required to include the forgoing deposit and allocation requirements.

Under no circumstances shall any Transition Charges imposed or Restructuring Property created by the Corporation to secure any Restructuring Bonds be or be deemed to be raised by taxation, be deemed to be for any purpose PREPA or Commonwealth revenue or be or be deemed to be for any purpose received as a result of PREPA's ownership or operation of its System Assets, nor shall any Restructuring Bonds be or be deemed to be a debt or other obligation of PREPA or the Commonwealth or any of its other political subdivisions. PREPA shall in servicing and collecting any Transition Charges be deemed to be acting solely as an agent of the Corporation and not as principal, any such Charges to be held in trust for the exclusive benefit of the Corporation, the owners of Restructuring Bonds and Persons entitled to receive payment therefrom for any Financing Costs (such Transition Charges shall not lose their character as Transition Charges by virtue of any possession by PREPA) and PREPA shall

immediately transfer any such Transition Charges received to the special collection account referred to in the first sentence of the preceding paragraph.

(j) Restructuring Property. (1) Restructuring Property shall constitute an existing, present and continuing property right for all purposes, including for agreements securing Restructuring Bonds, whether or not the revenues and proceeds arising with respect thereto have accrued, and notwithstanding the fact that the imposition and collection of Transition Charges will depend on further acts that have not yet occurred, including: (a) PREPA delivering services, (b) a Servicer performing servicing functions relating to the billing and collection of Transition Charges, and (c) the level of future consumption (or no consumption) of such service. Restructuring Property shall exist whether or not Transition Charges have been imposed, billed, accrued or collected and notwithstanding the fact that the value or amount of the Restructuring Property is dependent on the future provision of service to Customers. Subject to applicable law and regulations, the timely payment in full of all Transition Charges shall be a condition of receiving service from PREPA.

(2) All Restructuring Property shall continue to exist until the corresponding Restructuring Bonds and all Ongoing Financing Costs relating to the Restructuring Bonds have been paid in full.

(3) If the Servicer defaults in any required remittance of Transition Charge Revenues or shall otherwise default in the performance of its obligations under any agreement related thereto, any court in the Commonwealth, including the federal district court for the District of Puerto Rico, upon application by the Corporation, in accordance with the terms of the Servicing Agreement, or the Trustee or the owners of the Restructuring Bonds in accordance with the terms of the corresponding Trust Agreement, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the Transition Charge Revenues for the benefit of the owners or pledgees of Restructuring Property. The order shall remain in full force and effect notwithstanding any bankruptcy, reorganization, or other insolvency proceedings with respect to a Servicer, the Corporation, PREPA or any other Person.

(k) No Set-off Regarding Restructuring Property, etc.; Statutory Lien. (1) Restructuring Property, Transition Charges, Transition Charge Revenues, and the interests of a bondholder, Financing Entity or any other Person in Restructuring Property or in Transition Charge Revenues are not subject to set-off, counterclaim, surcharge or defense by a Servicer, any Customer, the Corporation, PREPA, holders of any other debt issued by PREPA (or any other creditors of PREPA) or any other Person or in connection with any default, bankruptcy, reorganization or other insolvency proceeding of any of the foregoing Persons. To the extent that any Customer makes a partial payment of a bill containing both Transition Charges and any other charges, such payment shall be allocated pro rata between the Transition Charges and the other charges.

(2) Restructuring Bonds and obligations of the Corporation under Ancillary Agreements shall be secured by a statutory lien on the Restructuring Property in favor of the owners or beneficial owners of Restructuring Bonds and parties to such Ancillary Agreements. The lien shall automatically arise upon issuance of the applicable Restructuring Bonds without the need for any action or authorization by the Corporation or the Board. The lien shall be valid and binding from the time the Restructuring Bonds or Ancillary Agreements, as applicable, are executed and delivered. The Restructuring Property shall be immediately subject to the lien, and

the lien shall immediately attach to the Restructuring Property and be effective, binding, and enforceable against PREPA, its creditors, their successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those Persons have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. The lien is created by this Act and not by any security agreement, but may be enforced by a Trustee or other fiduciary for the owners or beneficial owners of Restructuring Bonds.

This statutory lien is a continuously perfected security interest and has priority over any other lien, created by operation of law or otherwise, that may subsequently attach to that Restructuring Property or any proceeds thereof unless the owners or beneficial owners of Restructuring Bonds have as specified in the applicable Trust Agreement agreed in writing otherwise. This statutory lien is a lien on Transition Charges and all Transition Charge Revenues or other proceeds that are deposited in any deposit account or other account of the Servicer or other Person in which Transition Charge Revenues or other proceeds have been commingled with other funds. Without limiting the effectiveness of the statutory lien created by this Act, any other security interest that may apply to Transition Charge Revenues shall be terminated when such revenues or proceeds are transferred to a segregated account for an assignee or a Financing Entity. No application of the Adjustment Mechanism shall affect the validity, perfection, or priority of the statutory lien created by this Act. Any Transition Charge Revenues commingled with other funds subject to any lien shall be administered in a manner that allows for the identification of the Transition Charge Revenues and such other funds.

(3) The statutory lien shall not adversely be affected or impaired by, among other things, the commingling of Transition Charge Revenues or other proceeds from Transition Charges with other amounts regardless of the Person holding such amounts. Any Transition Charge Revenues commingled with other funds subject to any lien shall be administered in a manner that allows for the identification of the Transition Charge Revenues and such other funds.

(l) Successors Bound. PREPA, any successor or assign of PREPA or any other Person with any operational control of any portion of the System Assets, whether as owner, lessee, franchisee or otherwise and any successor Servicer shall be bound by the requirements of this Act and shall perform and satisfy all obligations imposed pursuant hereto in the same manner and to the same extent as did its predecessor, including the obligation to bill, adjust and enforce the payment of Transition Charges.

(m) Authorization to Pledge Restructuring Property. All or any portion of Restructuring Property may be pledged to secure the payment of Restructuring Bonds, amounts payable to Financing Entities, and other Ongoing Financing Costs. So long as the Restructuring Property remains pledged to secure any such payments, revenues from the collection of Transition Charges shall be applied solely to pay Ongoing Financing Costs.

(n) Legality for Investment. The Restructuring Bonds are hereby made securities in which all public officers and bodies of the Commonwealth and all public corporations, municipalities and municipal subdivisions, all insurance companies and associations and other Persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations including savings and loan associations, building and loan associations, investment companies and other Persons carrying on a banking business, all administrators, conservators, guardians, executors, trustees and other fiduciaries, and all other Persons now or

hereafter authorized to invest in bonds or in other obligations of the Commonwealth, may properly and legally invest funds, including capital, in their control or belonging to them; and the Restructuring Bonds may be deposited with and may be received by all public officers and bodies of the Commonwealth and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the Commonwealth is now or may hereafter be authorized.

(o) Tax Exemption. (1) It is hereby determined that this Act and the carrying out of its purposes are in all respects for the benefit of the people of the Commonwealth and for a public purpose. Accordingly, the Corporation shall be regarded as performing an essential governmental function in the exercise of the powers conferred upon it pursuant to this Act and shall not be required to pay, and the Restructuring Property, including the Transition Charges and Transition Charge Revenues, regardless of whether the Corporation is the owner of the Restructuring Property, shall not be subject to any fees, taxes, special ad valorem levies or assessments of any kind, including income taxes, franchise taxes, sales taxes or other taxes or payments or contributions in lieu of taxes. In addition, Persons that enter into contracts with the Corporation shall not be subject to the tax on contracts imposed by Act No. 1 of the Legislative Assembly of Puerto Rico, approved January 31, 2011, as amended.

(2) the Commonwealth hereby covenants with the purchasers and with all subsequent owners and transferees of Restructuring Bonds, in consideration of the acceptance of and payment for the Restructuring Bonds, that the Restructuring Bonds and the income therefrom and all revenues, money, and other property pledged to pay or to secure the payment of such Bonds shall at all times be free from taxation; and this covenant may be included in the Restructuring Bonds.

(p) Restructuring Bonds Negotiable Instruments. Whether or not the Restructuring Bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the Restructuring Bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code and any other applicable laws of the Commonwealth, subject only to the provisions of the Restructuring Bonds for registration.

(q) No Personal or Corporate Liability on Restructuring Bonds. Neither the directors of the Corporation nor any Person executing Restructuring Bonds shall be liable personally thereon or be subject to any personal or corporate liability or accountability solely by reason of the issuance thereof. The Restructuring Bonds shall not be a debt of the Commonwealth, nor shall they be payable out of any funds other than those of the Corporation; and such Bonds shall contain on the face thereof a statement to that effect.

Section 6. Use of Proceeds[; Defeasance of PREPA Debt]. The proceeds of the Restructuring Bonds shall be used only to pay or fund Upfront Financing Costs and all remaining proceeds will be contributed to or for the account of PREPA or otherwise applied to Approved Restructuring Costs, all as provided in the applicable Restructuring Resolution. [[Restructuring Bonds may also be issued without such issuance generating any proceeds to defease a portion of PREPA's outstanding debt.]] Upon payment or defeasance of all Restructuring Bonds and all related Financing Costs, all amounts held or receivable by the Corporation or any Financing Entity shall be used to make a refund or credit to Customers on the same basis that Transition Charges are then being imposed, to the extent such a refund or credit is practical. Any failure by

any Person to apply the proceeds of the Restructuring Bonds in a reasonable, prudent and appropriate manner or otherwise comply with any provisions of this Act (including any Restructuring Resolution or applicable Trust Agreement or any agreement between the Corporation and PREPA) shall not invalidate, impair or affect any Restructuring Property, Transition Charge or Restructuring Bonds.

Section 7. No Recourse. Restructuring Bonds shall be without recourse to the credit or any assets of the Corporation, PREPA, the Commonwealth, any Third-party Biller, any Servicer, co-Servicer or subservicer, escrow agent or other Financing Entity, other than the Restructuring Property and other assets and revenues specified in the applicable Restructuring Resolution, Trust Agreement or other security document.

Section 8. Standing. (a) Subject to the limitations, if any, in any Restructuring Resolution or related Trust Agreement, the Corporation or any other owner of Restructuring Property, or the applicable Trustee, (1) is authorized to hire consultants, attorneys and other Persons and enter into such agreements as the Corporation, other owner or Trustee deems necessary to enforce and collect the Transition Charge Revenues or protect the Restructuring Property and include the cost thereof as a Financing Cost, and notwithstanding any other provision of law, and (2) shall be expressly permitted hereby to (i) bring actions against any owner of the System Assets, any Servicer, or any other Person authorized to bill or collect Transition Charges, any Customers or any other Person for failure to impose, bill, pay or collect any Transition Charges constituting part of the Restructuring Property then pledged as security for such Restructuring Bonds or for enforcement of any other provision of this Act or action taken by the Corporation in respect thereof or (ii) take any other action as the Corporation, other owner of Restructuring Property or the Trustee may deem necessary to enforce and collect the Transition Charge Revenues or protect the Restructuring Property in accordance with the terms of the Restructuring Resolution related thereto and applicable Restructuring Bonds, regardless of whether an event default has occurred and is continuing in respect of the Restructuring Bonds, but no action may be brought by the Corporation, the Trustee or the party to any Ancillary Agreement or on their behalf (other than through PREPA or any successor Servicer) against any Customer for its failure to pay any Transition Charge so long as PREPA or any successor Servicer is complying with its obligations under the Servicing Agreement with respect to the enforcement of any collection of charges (including Transition Charges) due from such Customer.

(b) Any court shall have jurisdiction over any actions for failure to impose, bill, pay or collect any Transition Charges or for enforcement of any provision of this Act.

(c) Subject to the terms of any Trust Agreement, after the occurrence of an event of default and during the continuance thereof with respect to the Restructuring Bonds, all or any portion of Restructuring Property may be transferred, sold, conveyed or assigned (including by an action to foreclose on the Restructuring Property) to any Person.

Section 9. Corporation Not a Utility. The Corporation shall not be considered to be an electric power company, electric power service company or electric power generation company (as such terms are defined in Act No. 57 of the Legislative Assembly of Puerto Rico, approved May 27, 2014, as amended), public utility or Person providing utility service solely by virtue of the transactions described in this Act. None of the transactions authorized by this Act, including the adoption of a Restructuring Resolution, the creation of Restructuring Property, the

initial Transition Charge and any adjustment to the Transition Charges authorized by this Act, shall be subject to review or approval by any governmental authority, including the Commission, except the approval in the Restructuring Order of the calculation methodology for the Transition Charges and the Adjustment Mechanism as provided in Section 5(b) of this Act and as provided in Section 4 of this Act regarding review by the Corporation for and correction of mathematical errors.

Section 10. Termination of Corporation. The corporate existence of the Corporation shall continue until terminated by law, but no such law shall take effect so long as the Corporation shall have bonds, notes and other obligations outstanding, unless provision has been made for the payment thereof in accordance with the terms thereof. Upon termination of the existence of the Corporation, all of its rights and properties shall pass to and be vested in the Commonwealth.

Section 11. Commonwealth Non-impairment and Bankruptcy Covenants. Notwithstanding any provision of this Act or any other law of the Commonwealth to the contrary, prior to the date that is one year and one day after the Corporation no longer has any Restructuring Bonds outstanding or any Ancillary Agreement with payment obligations that have or may become due thereunder, the Corporation shall have no authority to file a petition for relief as a debtor under any chapter of the federal bankruptcy code or any other bankruptcy, insolvency, debt composition, moratorium, receiver or similar federal laws or any Commonwealth bankruptcy, moratorium, debt adjustment, composition or similar laws permitting stay or delay of payment or discharge or reduction in amount owed on any Restructuring Bonds as may, from time to time, be in effect, and no public officer, organization, entity or other Person shall authorize the Corporation to be or become a debtor under chapter 9 or similar federal law or any such Commonwealth law during such period. The Commonwealth hereby covenants with the owners of the Restructuring Bonds and parties to any Ancillary Agreements that the Commonwealth will not limit or alter the denial of authority under this Section 11 during the period referred to in the preceding sentence. The Corporation is authorized and directed as agent of the Commonwealth to include this covenant as an agreement of the Commonwealth in any contract with the owners of Restructuring Bonds or such Ancillary Agreement parties.

The Commonwealth further covenants, pledges and agrees with the owners of any Restructuring Bonds and with those Persons that enter into contracts with the Corporation, including parties to any Ancillary Agreement, pursuant to the provisions of this Act, that after the issuance of Restructuring Bonds, the Commonwealth will not authorize the issuance of debt by any public corporation and governmental instrumentality of the Commonwealth or any other Person secured by Restructuring Property or any other rights and interests in rates, charges, taxes or assessments that are separate from rates and charges of PREPA and that are imposed upon Customers (in their capacity as Customers) to recover the ongoing financing costs of such debt, if upon the issuance of such debt the security for any Restructuring Bonds or such Ancillary Agreements shall be materially impaired. It shall be conclusive proof that such security shall not be materially impaired if upon the issuance of such debt, the credit ratings for the then outstanding Restructuring Bonds (without regard to any third-party credit enhancement) shall not have been reduced or withdrawn. The Corporation is authorized and directed as agent of the Commonwealth to include this covenant as an agreement of the Commonwealth in any contract with the owners of Restructuring Bonds or such Persons.

The Commonwealth further covenants, pledges and agrees with the owners of any Restructuring Bonds issued under this Act and with those Persons that enter into other contracts with the Corporation, including parties to any Ancillary Agreement, pursuant to the provisions of this Act, that it shall not limit, alter, impair, postpone or terminate the rights conferred in this Act, any Restructuring Resolution and related agreements, including the requirements in Sections 2(b)(3) and 5(i) of this Act, until such Restructuring Bonds and the interest thereon are paid or legally defeased in accordance with their terms and such other contracts are fully performed and honored on the part of the Corporation. The Corporation is authorized and directed as agent of the Commonwealth to include this covenant as an agreement of the Commonwealth in any contract with the owners of Restructuring Bonds.

The Commonwealth further covenants, pledges and agrees with the owners of any Restructuring Bonds issued under this Act and with those Persons that enter into other contracts with the Corporation, pursuant to the provisions of this Act, that after the issuance of Restructuring Bonds, neither the Commonwealth nor any agency, political subdivision or other instrumentality thereof (including the Commission) shall take or permit any action to limit, alter, reduce, impair, postpone or terminate the rights conferred in any Restructuring Resolution, including those relating to Transition Charges and the related Adjustment Mechanism, as the same may be adjusted from time to time pursuant to the applicable Restructuring Resolution in a manner that impairs the rights or remedies of the Corporation or the owners of the Restructuring Bonds, parties to any Ancillary Agreement or any Financing Entity or the security for the Restructuring Bonds or Ancillary Agreements, or that impairs the Restructuring Property or the billing or collection of Transition Charge Revenues; nor shall the amount of revenues arising with respect to Restructuring Property be subject in any way to limitation, alteration, reduction, impairment, postponement or termination by the Commonwealth or any agency, political subdivision or other instrumentality thereof (except by the Corporation as contemplated by the Adjustment Mechanism). The Corporation is authorized and directed as agent of the Commonwealth to include this covenant as an agreement of the Commonwealth in any contract with the owners of Restructuring Bonds or such Ancillary Agreement parties.

Section 12. Rules of Interpretation; Effectiveness of Act. (a) The powers and faculties conferred upon the Corporation by this Act shall be interpreted liberally so as to promote the development and implementation of the public policy enunciated in this Act. Notwithstanding any provisions of law to the contrary, no approvals, notices or authorizations other than those specified in this Act shall be required with respect to the transactions and contracts authorized in or contemplated by this Act.

(b) In the event of conflict between this Act and any other law, this Act shall govern to the extent of the conflict.

(c) Effective on the date that Restructuring Bonds are first issued under authority of this Act, if any provision of this Act is held to be invalid or is invalidated, superseded, replaced, repealed or expires for any reason, that occurrence shall not affect any action allowed under this Act that is taken by the Corporation, the Commission, PREPA, a Servicer or other collection agent, a Financing Entity, a holder of Restructuring Bonds or a party to an Ancillary Agreement and any such action shall remain in full force and effect.

(d) If any section, subdivision, paragraph or subparagraph of this Act or the application thereof to any Person, circumstance or transaction is held by a court of competent

jurisdiction to be unconstitutional or invalid, the unconstitutionality or invalidity shall not affect the constitutionality or validity of any other section, subdivision, paragraph or subparagraph of this Act or its application or validity to any Person, circumstance or transaction, including the irrevocability of any Transition Charge imposed pursuant to this Act, the validity of the Restructuring Bonds or their issuance, the transfer or assignment of Restructuring Property or the collection and recovery of Transition Charge Revenues, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. To these ends, the Legislative Assembly of Puerto Rico hereby declares that the provisions of this Act are intended to be severable and that said Legislative Assembly would have enacted this Act even if any section, subdivision, paragraph or subparagraph of this Act held to be unconstitutional or invalid had not been included in this Act.

(e) The Corporation may provide for the interpretation and construction of any of its agreements to be governed by the law of the State of New York, applied as if all such agreements were executed in New York and to be performed entirely within New York. The Corporation is authorized to submit in each Restructuring Resolution and the Trust Agreement corresponding thereto and all other agreements related to the issuance of Restructuring Bonds [and PREPA is authorized to submit in the Servicing Agreement] to non-exclusive *in personam* jurisdiction and venue in the state and federal courts located in New York, New York, and the Corporation is authorized to agree to maintain contacts with the State of New York sufficient to give the courts located therein personal jurisdiction over the Corporation, and waive any objection to venue. All matters of the constitutional and statutory law of the Commonwealth (including this Act) and any Restructuring Resolution, all rights of the Corporation or the Servicer against any Customer by virtue of this Act and of the effect of the judgments and decrees of the Commonwealth courts, shall in all events be governed by the law of the Commonwealth. Notwithstanding any provision in this Act to the contrary, any proceeding commenced and undertaken pursuant to the provisions of Sections 5(c) or 5(d) of this Act must be filed in the Court and follow the procedures established therein.

EXCERPTS OF ADDITIONAL PROVISIONS OF THE PREPA REVITALIZATION ACT
RELATING TO PUBLIC HEARING PROCESS FOR CONSIDERATION OF THE
PETITIONS TO BE FILED BY THE CORPORATION AND PREPA:

Article 17.- A new Article 6.25A is added to Act No. 57-2014, as amended, which shall read as follows:

“Article 6.25A –Rate Determination and Review Following the Agreement with Creditors.

(a) Initial Rate Review. As a measure for the approval of the new rate structure contemplated by the Agreement with Creditors referenced in Section 6A of Act No. 83 of May 2, 1941, the Commission shall conduct the following expedited and extraordinary procedures to evaluate (i) the petition for approval of PREPA’s rate structure to be filed by PREPA and, separately and independently, (ii) the petition for approval of the calculation methodology for the Transition Charges and the Adjustment Mechanism to be presented by the Puerto Rico Electric Power Authority Revitalization Corporation (the “Corporation”) as contemplated in Chapter III of the PREPA Revitalization Act. The Corporation, the Authority and the Commission shall organize and coordinate in good faith an itinerary for review of the petitions of the Corporation and the Authority so that the management of those procedures is adequate, complies with the itineraries prescribed in the Agreement with Creditors and that the evaluation of the Commission of both petitions facilitates fulfillment of said itineraries for implementation of the restructuring.

(b) Review of Petition by the Corporation. With respect to the review by the Commission of the calculation methodology for the Transition Charges and the Adjustment Mechanism (as such terms are defined in Chapter III of the PREPA Revitalization Act) to be imposed by the Corporation in connection with Restructuring Bonds (as such term is defined in Chapter III of the PREPA Revitalization Act), the Corporation shall file a petition before the Commission, which petition shall include a copy of the initial proposed Restructuring Resolution (as such term is defined in Chapter III of the PREPA Revitalization Act), which Resolution shall comply with the provisions of Article 30 of the PREPA Revitalization Act, and the documents listed in item (b)B. of this Article 6.25A. The date of the filing of the petition by the Corporation shall be known as the “Corporation Petition Date”.

A. The scope of the Commission’s review will be limited to, based on the information, assumptions and conditions set forth in the Restructuring Resolution and all other items submitted by the Corporation pursuant to (b)B. of this Article 6.25A, determining whether the calculation methodology for the Transition Charges and the Adjustment Mechanism included in the Restructuring Resolution complies with the following criteria and principles for distributing Financing Costs among Customer classes and for fixing and adjusting the Transition Charges (as such term is defined in Chapter III of the PREPA Revitalization Act):

(1) The share of Financing Costs to be recovered from each customer class shall be calculated based upon the historic energy (kWh) usage of each class of Customers, as such information is provided by PREPA, and as the Corporation shall have determined in a not capricious or arbitrary way, is practicable to administer and ensures the full and timely payment of the Restructuring Bonds in accordance with their terms and other Ongoing Financing Costs (as such term is defined in Chapter III of the PREPA Revitalization Act).

(2) Once the share of Financing Costs to be recovered from each Customer class shall have been calculated (i) Transition Charges for Customers (other than residential customers) will be based upon historic energy usage (kWh) data, and (ii) Transition Charges for all residential Customers will be a per capita charge based upon average historical energy usage for all residential class Customers, as such information is provided by PREPA, and as the Corporation shall have determined in a not capricious or arbitrary way, is practicable to administer and ensures the full and timely payment of the Restructuring Bonds in accordance with their terms and other Ongoing Financing Costs.

(3) Delinquencies of any class of Customers will be added to the revenue requirements of next periods and allocated among all Customer classes as provided in clauses (1) and (2) of this paragraph (b)A.

(4) When calculating Customer energy usage in clauses (1) and (2) of this paragraph (b)A, if the Corporation determines that the inclusion of estimated load served by net metering or distributed generation ("behind the meter") is adequate and consistent to make Transition Charges not arbitrary or capricious, is practical to administer, and would ensure the full and timely payment of the Restructuring Bonds in accordance with their terms and other Ongoing Financing Costs, such estimates shall be included in the referred calculation of usage.

B. The Corporation's filing of a petition shall be deemed complete and shall be accepted for filing by the Commission and the period for the review process referred in paragraph (b)C.(5) of this Article 6.25A shall not be tolled, if the Corporation submits with or includes in the petition:

- (1) A form of Restructuring Resolution that includes:
 - (i) A description of Ongoing Financing Costs;*
 - (ii) The determination of Customer classes among which Ongoing Financing Costs are distributed and the distribution of Ongoing Financing Costs among Customer classes;*
 - (iii) The calculation of Transition Charges for Customers (other than residential customers) based upon historical energy usage (kWh) data;*
 - (iv) The calculation of Transition Charges for residential Customers on a per Customer charge based upon average historical energy usage for the residential class;*
 - (v) A provision that delinquencies of any class of Customers will be distributed among all Customer classes as provided in (b) B. (1) (ii), (iii) and (iv) of this Article 6.25A and included in the Adjustment Mechanism;*
 - (vi) Whether the Corporation shall include estimated load served by net metering or estimated distributed generation ("behind the meter") in determining energy usage in (b) B. (1) (ii), (iii) and (iv) of this Article 6.25A and included in the Adjustment Mechanism;*
 - (vii) A determination by the Corporation that:
 - (1) the distributions in (b) B. (1) (ii), (iii) and (iv) of this Article 6.25A are practicable to administer and ensure the full and timely payment of all Ongoing Financing Costs during the term of the Restructuring Bonds; and*
 - (2) if the Corporation determines to include estimated net metering or estimated distributed generation ("behind the meter") in determining***

energy usage in (b) B. (1) (ii), (iii) and (iv) of this Article 6.25A, that this inclusion is adequate and consistent to make Transition Charges not arbitrary or capricious, is practicable to administer and ensures the full and timely payment of all Ongoing Financing Costs during the term of the Restructuring Bonds.

(2) The historic energy (kWh) usage of each class of Customers as certified by an officer of PREPA that served as the basis of the distributions set forth in (b)B. (1) (ii), (iii) and (iv) of this Article 6.25A; and

(3) A report prepared by an independent financial consultant with recognized expertise in financing public electric utilities setting forth material assumptions, historical energy (kWh) usage, a projection of Ongoing Financing Costs and Transition Charges during the term of the Restructuring Bonds, and a conclusion that such Transition Charges distributed as provided b.B. (1) (ii), (iii) and (iv) of this Article 6.25A and in accordance with the assumptions included in such report, will ensure the full and timely payment of all Ongoing Financing Costs during the term of the Restructuring Bonds.

C. The process for review by the Commission of the Corporation's petition shall be the following:

(1) The Commission, PREPA and the Corporation shall publish on their respective websites the petition presented by the Corporation within 24 hours of its receipt by the Commission. The Commission shall notify the public of the upcoming public hearing or hearings to evaluate the petition by the Corporation at least ten (10) days in advance of holding such hearings, which announcement shall include the matters to be discussed, the location, date and time of the hearing. The announcement shall also comply with the following: (i) it shall be published in two newspapers of general circulation in the Commonwealth at least twice during such ten (10) day period, (ii) posting a copy of such announcement during such period of ten (10) days in the main offices of the Commission, the Corporation and PREPA and in each PREPA Customer service office, in each case in a place fully accessible to the public during normal business hours, and (iii) posting a copy of such announcement along with copies of the petition including the form of initial Restructuring Resolution and all supporting documentation required to be filed with the petition, on the websites of the Commission, the Corporation, PREPA and the Government Development Bank for Puerto Rico, safeguarding confidential or privileged information included in such documents, if any. The public hearing shall be held in order to collect the general opinion of the citizens regarding the compliance with the criteria previously established for the Corporation's calculation methodology for the Transition Charges and the Adjustment Mechanism. The Commission shall appoint an independent official examiner to preside over the hearing or hearings.

(2) The official examiner shall have fifteen (15) days after the conclusion of the last public hearing to submit a report to the Commission. The report shall be published on the Commission's, the Corporation's, PREPA's and the Government Development Bank's websites. The report shall include a record of all objections, testimonies, opinions, documents, recommendations and any other pertinent information presented during the hearings, as well as the examiner's own conclusions and recommendations. Any person interested in submitting further

comments with respect to the examiner's report, may do so in writing to the Commission within ten (10) days after the publication of the report.

(3) The Commission shall review the Corporation's petition with the documentation filed by the Corporation pursuant to b(B) of this Article 6.25A, the examiner's report and any comments thereto, and shall issue a resolution and order regarding the Corporation's petition for approval of the calculation methodology for the Transition Charges and the Adjustment Mechanism within the term of sixty (60) days from the Corporation Petition Date, as required below in item (b)C.(5). of this Article 6.25A. The Commission shall approve or disapprove the calculation methodology for the Transition Charges and Adjustment Mechanism. The Commission shall have no authority to limit, qualify, amend or otherwise change the Restructuring Resolution.

(4) The evaluation process to be conducted by the Commission shall be a transparent process, and will consider the urgent need to implement an agile, flexible, informal process, so that the citizens may provide their testimonies and express their opinions in the public hearing or submit them in writing during a specific period of time to be determined by the Commission within the expedited process established herein in order to allow the Commission and its examiner to act in a diligent way within the parameters established in section b.A of this Article 6.25A.

(5) The Commission shall have the power and it shall be its duty, upon receiving the Corporation's petition to either approve or reject the calculation methodology for the Transition Charges and the Adjustment Mechanism in the Restructuring Resolution within sixty (60) days after the Corporation Petition Date. The Commission shall approve the calculation methodology for the Transition Charges and the Adjustment Mechanism included the Restructuring Resolution, in which case it shall issue a Restructuring Order approving such calculation methodology during the given period of sixty (60) days after the Corporation Petition Date, unless the Commission determines in a written order during the given period of sixty (60) days after the Corporation Petition Date that either the determinations to be made by the Corporation in the Restructuring Resolution with respect to the calculation methodology for the Transition Charges and the Adjustment Mechanism are arbitrary and capricious or that any material assumption or conclusion of the report referred to in (b)(B)(3) is clearly erroneous. If during the given period of sixty (60) days after the Corporation Petition Date, the Commission has not reached a final decision to approve or reject the Corporation's petition, the calculation methodology for the Transition Charges and Adjustment Mechanism proposed by the Corporation shall become final, the Commission shall lose jurisdiction to approve the calculation methodology for the Transition Charges and Adjustment Mechanism and the Corporation may adopt the Restructuring Resolution. Any party wishing to challenge the Commission's Restructuring Order or the approval deemed granted by the inaction of the Commission shall follow the process contemplated in Article 31(d) of the PREPA Revitalization Act. In that process, the court shall sustain the Commission's Restructuring Order in which the Commission has determined

whether the calculation methodology for the Transition Charges and Adjustment Mechanism was or was not arbitrary or capricious, or if the Corporation's petition to the Commission on calculation methodology for the Transition Charges and Adjustment Mechanism has been deemed approved, if there is substantial evidence in the administrative record that supports such Order or petition by the Corporation, as the case may be. The Commission's approval shall become final and irrevocable upon the earlier of (A) approval by the Commission of the related Restructuring Order or (B) the date on which the Commission has lost jurisdiction; subject only to the process contemplated in Article 31(d) of the PREPA Revitalization Act.

(c) Review of Petition by PREPA. With respect to the review by the Commission of the petition by PREPA of its proposed rate structure, PREPA shall submit a petition for the Commission including reasonable and relevant information that supports the fulfillment of the following just and reasonable standards. The date of the filing of the petition by PREPA shall be known as the "PREPA Petition Date"

A. The scope of the Commission's review of PREPA's petition shall be to determine whether or not PREPA's proposed rate structure complies with the following criteria and principles:

(1) It includes the appropriate mechanism to obtain the necessary revenue levels in order to cover its costs, including (i) the annual debt service, including principal, interest, reserves and other requirements imposed by agreements with creditors (excluding the Transition Charge of the securitization structure that shall be determined separately) as modified by the Agreement with Creditors, as well as (ii) costs of the purchase of fuel and energy, (iii) operational, maintenance and administrative costs, including maintenance of the transmission and distribution network, employees' payroll and fringe benefits in accordance with the capacity of PREPA to pay for such benefits and with the contemplated savings, (iv) costs of necessary capital investments for the applicable period, (v) costs of CILT and other contributions and subsidies that PREPA is obliged to make pursuant to special laws, (vi) other reasonable and necessary costs. The cost analysis shall determine the adequate distribution among the different classes or kinds of customers with similar uses and levels of demand so that such distribution of costs is fair and equitable;

(2) It does not violate any of the terms or conditions required by PREPA's Trust Agreement with its bondholders, assuming that the amendments contemplated in the Agreement with Creditors are effective in accordance with their terms;

(3) It provides for a periodic reconciliation with revenues in excess or below what is necessary to cover costs of providing services, so that any subsequent necessary adjustments to billings can be made;

(4) It remains in effect during cycles of at least three years, except for periodic adjustments that are inherent to the structure, which adjustment shall be presented as part of the proposal filed with the Commission;

(5) It considers efficiencies and operational and administrative savings contemplated in the Agreement with Creditors, as determined and reasonably estimated in good faith by PREPA at the date of presentation of the proposal to the Commission; and

(6) Considering the level of debt and operational expenses prior to the restructuring, and the rate that would have been necessary for PREPA to comply with all of its obligations if the Agreement with Creditors had not taken place, the new proposed rate reflects a just and reasonable allocation of PREPA's costs among all of its customer classes.

- B. The Commission and PREPA shall publish on their websites the petition presented by PREPA within 24 hours of its receipt by the Commission. The Commission shall notify the public of the upcoming public hearing or hearings to evaluate PREPA's petition at least ten (10) days in advance of holding such hearings, which announcement shall include the matters to be discussed and the location, date and time of the hearing. The announcement shall also comply with the following: (1) it shall be published in two newspapers of general circulation in the Commonwealth at least twice during such ten (10) day period, (2) a copy of such announcement shall be continuously posted during such ten (10) day period in the main office of the Commission and PREPA and in each PREPA Customer service office, in each case in a place fully accessible to the public during normal business hours, and (3) a copy of such announcement along with copies of PREPA's rate proposal and all supporting documents and other information shall be posted on the websites of the Commission, PREPA and the Government Development Bank for Puerto Rico, safeguarding confidential or privileged information included in such documents, if any. The public hearing shall be held in order to collect the general opinion of the citizens regarding the compliance by the PREPA rate proposal with the criteria established in paragraph (c)A. of this Article 6.25A. The Commission shall appoint an independent official examiner to preside over the hearing or hearings.*
- C. The official examiner shall have fifteen (15) days after the conclusion of the last public hearing to submit a report to the Commission. The report shall be published on the Commission's, PREPA's and the Government Development Bank's websites. The report shall include a record of all objections, testimonies, opinions, documents, recommendations and any other pertinent information presented during the hearings, as well as the examiner's own conclusions and recommendations. Any person interested in submitting further comments with respect to the examiner's report, may do so in writing to the Commission within ten (10) days after the publication of the report.*
- D. The Commission shall review PREPA's petition, any other supporting materials that PREPA may have filed, the examiner's report and comments thereto and shall issue a resolution and order regarding PREPA's petition for approval of the proposed rate structure within the term of sixty (60) days from the PREPA Petition Date, as required below in paragraph (c)(F) of this Article 6.25A.*
- E. The evaluation process to be conducted by the Commission shall be a transparent process, and will consider the urgent need to implement an agile, flexible, informal process, so that the citizens may provide their testimonies and express their opinions in the public hearing or submit them in writing during a specific period of time to be determined by the Commission within the expedited process established herein in order*

to allow the Commission and its examiner to act in a diligent way, in each case subject to the parameters established in this subsection c.

- F. If during the given period of sixty (60) days after the PREPA Petition Date the Commission has not reached a final decision to approve or reject PREPA's petition for approval of the proposed rate structure, PREPA's proposed structure shall take effect immediately as an emergency rate while the Commission reaches a final decision within a term that shall not exceed thirty (30) additional days. The emergency rate hereby authorized shall not be considered a temporary rate nor shall it be subject to the applicable dispositions of Section 6B of Act 83 of May 2, 1941, nor to Article 6.25 of this law. If after ninety (90) days following the PREPA Petition Date, the Commission has not reached a final decision to approve or reject the proposed rate structure, PREPA's proposed rate structure shall become final and the Commission shall lose its jurisdiction to approve it. If the Commission determines that the proposed rate does not comply with the criteria previously enumerated, it shall justify its decision with specific reference to said criteria and to the documents and information that support its resolution. Notwithstanding the foregoing, the PREPA proposed rate structure shall not be reflected in bills to the Customers until the Restructuring Bonds are issued.*

(d) Subsequent Rate Review. If the Commission determines to reject the Corporation's petition for approval of the calculation methodology for the Transition Charges and Adjustment Mechanism proposed by the Corporation or the rate structure proposed by PREPA, or if PREPA withdraws its request for rate approval, PREPA shall commence an ordinary rate case before the Commission within ninety (90) days of such rejection or withdrawal following the provisions and procedures established in Section 6B and 6C of Act 83 of May 2, 1941.

Schedule II**MONOLINE TERM SHEET**

This Term Sheet does not purport to list or summarize all of the terms and conditions of the proposed securitization and related transactions. All information contained herein is qualified in its entirety by the information that would be contained in the final documentation for the proposed securitization and related transactions. This Term Sheet contemplates that the Closing Date (as herein defined) will occur on or prior to June 30, 2016.¹

Term	Description
Legacy Bonds	Revenue bonds issued by the Puerto Rico Electric Power Authority (“ <u>PREPA</u> ”) and outstanding under the Trust Agreement, dated as of January 1, 1974, as amended and supplemented from time to time, between PREPA and U.S. Bank, National Association (the “ <u>Trust Agreement</u> ”).
Securitization Bonds	Bonds that are (a) “Restructuring Bonds” as described in the Securitization Term Sheet ² attached to the Restructuring Support Agreement (as amended from time-to-time and to include Monolines as Supporting Creditors, the “ <u>RSA</u> ” and the parties to the RSA, the “ <u>RSA Parties</u> ”), dated as of November 5, 2015 (the “ <u>Securitization Term Sheet</u> ”) and (b) payable and secured on a <i>pari passu</i> basis with all other Restructuring Bonds contemplated by the Securitization Term Sheet. Securitization Bonds may be issued by the Corporation (as defined in the Securitization Term Sheet) from time to time, including on the Closing Date (as defined herein), in accordance with the terms of the Securitization Term Sheet and subject to the limitations herein. For the avoidance of doubt, none of the Securitization Bonds will be insured by National or Assured, unless otherwise agreed.
Exchange Offer	Securitization Bonds that are issued on the closing date (the “ <u>Closing Date</u> ”) of PREPA’s exchange offer in exchange for uninsured Legacy Bonds as

¹ For the avoidance of doubt, if this Monoline Term Sheet or any term in the Recovery Plan Term Sheet (as defined in the RSA) provides a consent right or other right to a Supporting Creditor (as such term is defined in the RSA) but does not provide that right to other Supporting Creditors, such provision shall not imply that such other Supporting Creditors do not have or will not have such right.

² Securitization Term Sheet to be revised to provide or clarify (i) that any DSRF surety reimbursement obligation will be subordinated to debt service on Securitization Bonds prior to their acceleration, and that upon acceleration such reimbursement obligation will be payable on a *pari passu* basis with such Securitization Bonds, (ii) that the lag between the Scheduled Retirement Date and Final Maturity Date (each as defined in the Securitization Term Sheet) for any tranche will in no event be less than one year, (iii) that the servicing agreement and other relevant documentation will permit the servicer to provide, at its option, advances to the Corporation with respect to Transition Charge (as defined in the Securitization Term Sheet) receivables, (iv) in the “Restructuring Property; Statutory Lien” section thereof, that Ancillary Agreements will also be secured by such property, subject to subordination as otherwise described herein, and (v) in the “True-up Mechanism for Payment of Scheduled Principal and Interest,” that the Transition Charge will be adjusted to ensure that collections are sufficient to pay Securitization Bonds by their Scheduled Retirement Date. Other than as set forth in this footnote, nothing in this Monoline Term Sheet shall limit or amend the terms of the Securitization Term Sheet, including, for the avoidance of doubt, with respect to the purposes for which the initial issuance of Restructuring Bonds may be issued.

Securitization Bonds	described in the RSA, dated as of November 5, 2015 (the “ <u>Exchange Offer</u> ”).
Clear Market Period	During the three-year (thirty-six (36) month) period after the Closing Date (the “ <u>Clear Market Period</u> ”), the Corporation shall not issue any new Securitization Bonds unless they have a yield equal to or lower than the interest rate of the Exchange Offer Securitization Bonds having the same weighted average maturity as such new Securitization Bonds and meet the Ratings Condition (as defined in the Securitization Term Sheet) and any other terms agreed upon by the RSA Parties in the trust agreement for the initial series of Restructuring Bonds.
Refinancing of Callable Insured Legacy Bonds	\$345mm of callable Legacy Bonds (the “ <u>Callable Insured Legacy Bonds</u> ”) insured by Assured and National (collectively, the “ <u>Monolines</u> ”) ³ will be refinanced with Securitization Bonds or otherwise called or refinanced no later than six (6) months after the expiration of the Clear Market Period (such six (6)-month period, the “ <u>Refinancing Period</u> ”); <i>provided</i> that PREPA (i) shall use good faith efforts to refinance such Callable Insured Legacy Bonds as promptly as possible during the Refinancing Period subject to market conditions, (ii) may prioritize in its own discretion the order in which such Callable Insured Legacy Bonds will be called so long as all Callable Insured Legacy Bonds insured by National are called or refinanced before any Callable Insured Legacy Bonds insured by Assured are called or refinanced, and (iii) shall not be obligated to refinance the Callable Insured Legacy Bonds if it determines not to based on market conditions, provided that the failure to refinance the Callable Insured Legacy Bonds for any reason, including market conditions, will not result in a default or other liability of PREPA or the Corporation other than accelerated replacement of all DSRF sureties, as described below.
Refinancing of Non-Callable Insured Legacy Bonds	During the Refinancing Period, PREPA will fund a tender at a price not higher than par for \$62mm of non-callable Legacy Bonds (the “ <u>Non-Callable Insured Legacy Bonds</u> ”) insured by National and due within the next five years after the tender with proceeds of Securitization Bonds or other funds; <i>provided</i> that PREPA (i) shall use good faith efforts to refinance such Non-Callable Insured Legacy Bonds as promptly as possible during the Refinancing Period subject to market conditions, (ii) may prioritize in its own discretion the order in which such Non-Callable Insured Legacy Bonds will be called, and (iii) shall not be obligated to refinance the Non-Callable Insured Legacy Bonds if it determines not to based on market conditions, provided that failure to refinance the Non-Callable Insured Legacy Bonds for any reason, including market conditions, will not result in a default or other liability of PREPA or the Corporation other than accelerated replacement of all DSRF sureties, as described below; <i>provided further</i> , that PREPA may fund such tender or otherwise refinance the Non-Callable Insured Legacy

³ Final allocation between Assured and National of the amounts of DSRF sureties will be reflected in a letter agreement between National and Assured and acknowledged by PREPA. While this Term Sheet addresses only Assured and National’s wrapped Legacy Bonds, Syncora is expected to contribute to the overall deal with such contribution being consistent with the contributions of other Monolines and commensurate with Syncora’s exposure to PREPA and with the form of such contribution to be agreed to among Syncora, the Monolines, the other Supporting Creditors under the RSA and PREPA.

	Bonds at any time prior to the Refinancing Period, so long as any Securitization Bonds issued to fund such tender or refinancing during the Clear Market Period comply with the requirements in effect during the Clear Market Period described herein under “Clear Market Period.”
Refinancing of Other Insured Legacy Bonds	After the Refinancing Period, refinancing of other insured Legacy Bonds with Securitization Bonds (without extending the amortization or increasing debt service), to the extent economically beneficial to PREPA and the Corporation as determined by PREPA and the Corporation from time to time, subject to the documentation for such refinancing being acceptable to the Monolines. Any such Securitization Bonds may only be issued if they meet the Ratings Condition and any other terms agreed upon by the RSA Parties in the trust agreement for the initial series of Restructuring Bonds.
Mirror Bonds	All other insured Legacy Bonds that are not retired as provided above will be economically defeased ⁴ through issuance, no later than the Closing Date, of Securitization Bonds that will have the same economic terms (<i>i.e.</i> , amount, interest rate ⁵ , and maturity ⁶) as the remaining insured Legacy Bonds and shall not accelerate as a result of acceleration of the Legacy Bonds (such Securitization Bonds, the “ <u>Mirror Bonds</u> ”). ^{7 8}

⁴ Mechanics of economic defeasance of insured Legacy Bonds (including, without limitation, secondary market insured Legacy Bonds) to be discussed.

⁵ So long as the related interest rate swap agreement remains in effect, the interest rate for Mirror Bonds that economically defease variable rate insured Legacy Bonds shall bear interest at the fixed rate payable by PREPA under the applicable interest rate swap agreement. In such case, the Mirror Bonds will secure both debt service on the related insured Legacy Bonds and the applicable interest rate swap. If the related interest rate swap agreement expires or terminates, the interest rate for Mirror Bonds that economically defease variable rate insured Legacy Bonds shall be identical to the interest rate borne by such variable rate insured Legacy Bonds.

⁶ The Scheduled Retirement Date for a series of Mirror Bonds will be the same as the maturity date for the related insured Legacy Bonds and the Final Maturity Date for such series of Mirror Bonds will be two-years (or any shorter period if the lag applicable to other Securitization Bonds is less than two years) after the maturity date of such related insured Legacy Bonds.

⁷ If an interest amount on a series of Mirror Bonds is not paid when due or if such series of Mirror Bonds is not paid in full by its Scheduled Retirement Date (which is also the maturity date of the related insured Legacy Bonds), then (a) the DSRF securing such series of Mirror Bonds shall be drawn upon to fund any such shortfall (with cash being applied in such DSRF before a claim is made on the related DSRF surety) and (b) if the draw on the DSRF is not sufficient to satisfy such shortfall in its entirety, any remaining shortfall on the related insured Legacy Bonds shall be payable from any net revenues that are available for payment of debt service of Legacy Bonds in accordance with the terms of the Legacy Bonds trust agreement (as amended to the extent agreed in the RSA). The applicable insurance agreements will be amended to provide that if the related Legacy Bonds are not paid in full on their maturity date after the application of funds pursuant to the immediately preceding sentence, then the respective Monoline will be deemed to have agreed to forbear from exercising remedies as a result of the payment default as long as (a) PREPA has provided evidence satisfactory to the Monolines that an increase in PREPA's rates is the only action available to it for curing such payment default and (b) PREPA increases its rates and obtains the approval of the Commission for such increase within an agreed period of such payment default so that such increased rates are sufficient to ensure that such defaulted Legacy Bonds will be fully paid within an agreed period after such payment default. Pursuant to such amended insurance agreement, the respective Monoline will assign to PREPA its right, title and interest in any payments received by the escrow agent under Mirror Bonds after the date on which the related insured Legacy Bonds have been paid in full. Consistent with other Securitization Bonds, if the applicable

July 1 Payment	<p>If the Closing Date occurs before July 1, provision for funding of the July 1, 2016 payment shall have been made in a manner satisfactory to each of the Monolines and to the Ad Hoc Group.</p> <p>If the Closing Date does not occur by July 1 and each of the parties has agreed (in its sole discretion) to extend the RSA, then it will be a condition precedent to the Monolines further obligations under the RSA that the July 1 payment has been made.</p>

⁸ Assured and National will have all voting and enforcement rights of the holders of Mirror Bonds, as consistent with the Legacy Bonds trust agreement and the insurance agreements.

⁹ Such amount includes all insured Legacy Bonds that are outstanding as of the Closing Date and will be increased by an amount equal to the aggregate principal amount outstanding of Purchased Bonds (as defined in the January Payment Term Sheet) and shall subsequently be reduced by the aggregate principal amount of Refinanced Insured Bonds that are refinanced with Securitization Bonds and by the aggregate principal amount of Purchased Bonds that are exchanged for Securitization Bonds as provided in the January Payment Term Sheet. Schedule VI

Rate Structure

Capitalized terms used herein and not otherwise defined shall have the meaning assigned to such terms in the RSA or the Recovery Plan Term Sheet, as applicable.

1.1 Overview

PREPA rates will be established through a rate structure, as approved by the Energy Commission. PREPA will file a rate case that shall include a request for the approval of a provisional rate, which provisional rate shall be determined by the Energy Commission no earlier than 60 days from the date the petition is deemed complete by the Energy Commission. In addition, a portion of PREPA's existing debt will be restructured using a securitized debt structure that will require the imposition of a surcharge (the "**Transition Charge**") in accordance with the Recovery Plan. PREPA rates plus the Transition Charge will constitute the full charge to PREPA customers, but the Energy Commission shall only have jurisdiction to approve the methodology to calculate the Transition Charge and the Adjustment Mechanism. The securitization structure, including the Transition Charge and the Adjustment Mechanism, is described in Schedule I-B.

1.2 Rate Process

Energy Commission's first rate review and approval process to be undertaken in connection with the Recovery Plan will follow the regular revision process of Act 57-2014, which provides for a review process that can take up to one hundred eighty (180) days for the Energy Commission to make a final determination on the petition, with the possibility of a provisional rate implemented sooner.

1.3 Rate Structure

1.3.1 Provisional Rate

PREPA shall file a request for the approval of a provisional rate at the same time that the permanent rate petition is presented. The Energy Commission has the discretion to establish a provisional rate, as requested by PREPA or as the Commission may determine, and it shall become effective not earlier than sixty (60) days from the date the petition is deemed complete by the Energy Commission. If approved, the provisional rate shall be effective for as long as the Commission is evaluating the permanent rate petition. PREPA shall request an amendment to the Revitalization Act clarifying that the provisional rate shall be effective until PREPA implements the permanent rate approved by the Energy Commission, which implementation shall not be longer than sixty (60) days, unless the Energy Commission extends such period as requested by PREPA.

The provisional rate requested will be designed to cover all operating costs, capital expenditures and debt costs consistent with the three year permanent rate case cycle (assuming a restructuring in accordance with the Recovery Plan). The provisional rate will be implemented in the most expedited manner possible.

1.3.2 Permanent Rate---Formula Ratemaking Mechanism

PREPA's rate consultant, Navigant, has recommended a Formula Ratemaking Mechanism ("**FRM**") for

setting PREPA's rates. FRM uses a predetermined formula to determine the upcoming year's revenue requirements based on the test period expenses (usually a prior year adjusted for known and/or measurable changes). Revenue requirements are composed of all operating costs including fuel, purchased power, operations and maintenance expenses, revenue funded capital expenditures, CILT, subsidies, taxes paid, debt service and any other costs expected to be incurred (assuming a restructuring in accordance with the Recovery Plan). Debt service includes principal, interest, debt service reserves and/or debt service coverage ratio ("**DSCR**"), but excludes any debt service recovered through the Transition Charge. The resulting revenue requirement is compared against revenues calculated using existing rates for the test period to determine if rates are sufficient to cover full costs of providing services and if not make appropriate adjustments.

1.3.3 Revenue Requirements Overview

The FRM addresses each component to determine the best approach to estimate the component's costs during the test period. Fiscal year ("**FY**") 2017 will be used as the first rate case's test period given the first rate case will mainly cover FY2017. Most components are linked to FY2014 adjusted for known and measurable changes. Some components, such as debt and cost improvements, will be based on forward estimates given inputs underlying these components have altered or changed dramatically or the component did not exist previously.

Fuel, purchased power, CILT and subsidies will all be pass-through components. While these components will be estimated to arrive at full revenue requirements for illustrative purposes, rates for these components will be determined by actual costs. Fuel and purchased power use estimated costs as both components have been very volatile in recent years.

Footnotes:

¹ Pass-through charges are included for full rate illustrative purposes only, rates will be reflective of actual costs incurred

² Includes estimated fuel related improvements

³ Improvements to take into account operational and administrative efficiencies/savings contemplated in the RSA that are reasonably estimated as of the date of the submission of the rate case as determined in good faith by PREPA

⁴ Excludes any capital expenditures funded by debt of other external parties

⁵ Securitization is a separate charge and is not part of the PREPA Revenue Requirements

1.3.4 FRM Allocation to Customer Classes

The FRM process will include a Cost of Service (“COS”) analysis to assign or allocate each relevant cost component on an appropriate basis to determine the relative costs to serve various customer classes with similar end uses and demand. The objective of the COS is to apportion the total utility costs among customer classes in a fair and equitable manner.

1.4 Approval Process

To minimize time and expense associated with rate filings and to minimize delays in adjusting rates, Navigant has recommended using FRM for setting rates for a period which is the greater of [nine] years

or until PREPA restores investment grade metrics. Navigant also proposes a three year rate cycle in which the FRM would be evaluated every three years with the Energy Commission.

1.5 Rate Process

Assuming a three year rate cycle, the rate process will have a base year (“**Base Year**”) and two non-base years (“**Non-Base Years**”) in each rate cycle. The Base Year rate determination will be based on estimated revenue requirements while the Non-Base Year rate determinations will also include an adjustment for under or over recovery of rates and known and/or measurable changes from the Base Year. The Base Year will also include the COS analysis in the rate filing.

1.5.1 FRM Base Year

The FRM Base Year has the following attributes:

- Operations, maintenance and capital expenditure expenses for all functions of the utility including transmission, distribution, generation and customer service;
- Fuel, purchased power, CILT and subsidies are estimated to arrive at full revenue requirements, however, charges will be a pass-through and based on actual costs;
- Capital expenditure budget to be funded from revenues for all years in rate cycle;
- Debt service including principal, interest, funding of debt service reserves and/or DSCR; and
- Administrative costs including those costs associated with PREPA’s restructuring.

1.5.2 FRM Non-Base Years

The FRM Non-Base Years have the following attributes:

- Adjustment for under / over-recovery of costs adjusted for weighted average cost of capital during prior year;
- Debt service adjustments; and
- Known and/or measurable changes from Base Year.

1.6 Periodic Informational Filings and Rate Adjustments

PREPA will make periodic informational filings with the Energy Commission. After the end of each period, PREPA will file with the Energy Commission indicating the under / over-recovery of FRM components during the previous period represented by the difference between revenues collected and total costs incurred plus debt service requirements such as debt service reserve and/or DSCR adjusted for weighted average cost of capital. The periodic filings will be made within 45 days of the end of the applicable period and will provide year-to-date results. To the extent practicable, the periodic informational filings will be based off the most recent audited financials.

Periodic rate adjustments are proposed to be undertaken as follows:

- Pass-through components, fuel, purchased power, CILT, would be adjusted periodically but at least every period, except period one of the Base Year, to reflect under / over-recovery of fuel, purchased power, CILT and subsidies costs for the previous period plus reflect any revision in forecasted fuel, purchased power, CILT and subsidy costs for the upcoming period. All adjustments will be formulaically determined and occur automatically with Energy Commission review limited to application and calculation of the formulas.
- At least every year revenue requirements will be adjusted as shown in section 1.4. All non-pass-through rate components will be reviewed via the periodic filing and may be adjusted periodically if it is required to meet cash obligations.

- All rate adjustments for all components are made concurrently to the extent possible to make the process less administratively burdensome for both the Energy Commission and PREPA.

In the event of an unusual occurrence, such as a storm or other unforeseen event resulting in higher cash costs, PREPA may seek an emergency rate adjustment. PREPA may temporarily (for no more than 180 days) increase the rate in the event of an emergency, including natural disasters, environmental emergencies and others, as contemplated under Act 21-1985. The emergency rates will be presented to the Energy Commission and will become effective immediately upon such filing. If such emergency rates need to become permanent, PREPA shall present a rate case before the Energy Commission and begin any process for such revision before the expiration of the 180 days.

1.7 Billing and Rate Implementation

PREPA bills will be redesigned to reflect the new rate structure and to provide additional transparency for various cost components as well as the Transition Charge. The bill redesign will require the PREPA billing system and reporting to be completely modified. This includes new bill designs and reporting for each of 51 different customer classes. The ultimate billing design will be determined by the rate structure and rates the Energy Commission approves as well as the securitization structure.

The bill design will be transparent and shall include at a minimum the items listed below. Other details regarding costs will be published on PREPA's website and by the Energy Commission.

- Transition Charge;
- Base Rate Charge;
- Fuel and Purchased Power Cost Adjustment (true-up); and
- CILT and Subsidies.

The billing system modification will take several months to implement. Assuming the rate review process commences in March 2016 and is limited to a 180 day approval time period and the securitization Transition Charge and Adjustment Mechanism are established and approved by April 2016, PREPA estimates the provisional rate could be implemented by July 1, 2016. The new bills reflecting the approved permanent rate structure could be ready by no earlier than September 30, 2016. Actual timing will be dependent on the restructuring process, legislative change, rate review and approval process, implementation challenges and reporting requirements.

- c. Establish specific basis for removing upper and key middle management, as stated above for Board members.

8. [Reserved]

9. D&O Liability:

Add the following provisions (to foster the recruitment of the candidates needed under the new governance structure): “Without impairment to the rights pursuant to the provisions of §§ 3077-3092a of Title 32, the Board and its past, current or future individual directors, and the officers, agents or employees of the Authority shall not incur civil liability for any action taken in good faith in the performance of their duties and responsibilities pursuant to the provisions of this chapter, provided there has been no conduct that constitutes a crime or gross negligence, and they shall be indemnified for any costs incurred in connection with any claim for which they enjoy immunity as provided hereunder. The Board and its individual directors, and officers, agents or employees of the Authority shall also be fully indemnified for any civil liability adjudicated under the laws of the United States of America for any action taken in good faith in the performance of their duties and responsibilities pursuant to the provisions of this chapter, provided there has been no conduct that constitutes a crime or gross negligence.”

B. Electricity Rates and Rate Structure

Proposed Amendments:

The Energy Relief Act would be amended as follows:

I. Rate resulting from negotiation with creditors under the Restructuring Agreement:

1. Clarify that Energy Commission can approve new rate structure proposed by PREPA as agreed in the RSA without having to conduct the initial rate review contemplated by Act 57-2014.
2. Expedited and criteria-specific process mandated to the Energy Commission to approve or reject the rate structure: ***See Recovery Plan Term Sheet Schedule I-A***

II. With respect to prospective “ordinary” rate revision processes:

1. Clarify that PREPA and the Energy Commission may hold joint hearings to consider prospective rate adjustments proposed by PREPA. No need for each one to hold separate hearings for the same purpose.
2. Clarify that if the Energy Commission, on its own, commences a rate adjustment review process, PREPA is not required to conduct hearings.
3. Clarify that if OIPC Director has not been appointed or no OIPC resources are available (staff/members) the OIPC’s functions would instead be performed by the a person designated by the Governor within the same rate revision process.
4. PREPA may temporarily (for no more than 180 days) increase the rate in the event of an emergency, including natural disasters, environmental emergencies and others, as contemplated under Act 21-1985. The emergency rates will be presented to the Energy Commission and will become effective immediately upon such filing. As is contemplated under Act 21, if such emergency rates need to

become permanent, PREPA shall present a rate case before the Commission and begin any process for such revision before the expiration of the 180 days.

III. Transparent Bill

1. PREPA and Commission to establish a plan for the implementation of the new transparent bill to include, at a minimum, the following line items:
 - a. Securitization Charge
 - b. Base Rate Charge
 - c. Fuel and Purchased Power Cost Adjustment

3. Clarify that the calculation of the Transition Charge and the Adjustment Mechanism will be effective in accordance with the Restructuring Order issued by the Commission, either in the current bill or as part of the new transparent bill.

IV. Transition Charge

See Recovery Plan Term Sheet Schedule I-A

C. Securitization For Refinancing PREPA Debt

See Recovery Plan Term Sheet Schedule I-A

D. Collection of Receivables

Proposed Amendments:

1. Government Agencies and Public Corporations²

PREPA's Organic Act is amended, or changes are included as part of a current bill under consideration by the House of Representatives to provide that any public corporation and agency of the central government with an outstanding debt to PREPA, shall enter into a payment plan. If the agency or public corporation does not comply with these payments, PREPA is authorized to curtail or disconnect.

² These provisions will be incorporated into another bill currently in the House of Representative and already passed at the Senate.

2. Private Consumers

PREPA's Organic Act would be amended to authorize PREPA as follows:

1. PREPA shall have the power to report to the credit bureaus delinquent residential customers who have disputed or undisputed debt outstanding with PREPA of more than sixty (60) days without a payment plan after sending one collection letter. Indications of past due amounts in at least two current invoices and one separate collection letter warning that credit bureaus will be informed if delinquent debt is not paid within the period specified in the letter, shall be considered reasonable and sufficient collection mechanisms.
2. PREPA may not deny service to any new customer (to the extent that such customer or entities incorporated or controlled by such customer do not currently owe payment to PREPA under prior contracts), but shall have the power to conduct credit checks of customers requesting new accounts and to require security deposits from new customers depending on their risk level based on credit scores.
3. Amend Act 57-2014 to simplify the dispute process, establish requirements to deter frivolous claims and correct loopholes currently being used by customers to eternally challenge invoices and avoid disconnection.
 - a. Disputes and claims (i) must relate to the actual electric bill as applied to a customer (i.e., matters such as incorrect meter reads, incorrect consumption calculations, incorrect rate applicability, or incorrect accounting of payments made by customer) and (ii) cannot be used to challenge the rate structure in general or the securitization charge.

E. Issuance of Debt by PREPA

Proposed Amendments:

PREPA's Organic Act would be amended to:

1. Provide that the Energy Commission must submit any recommendation or comment to GDB with respect to PREPA debt no later than ten (10) days following a notification by the GDB about a proposed debt issuance, except that the Energy Commission shall not have any jurisdiction to make a recommendation or comment with respect to any debt issued by PREPA in connection with the Restructuring Transactions.
2. Authorize PREPA to create liens over its assets, except land, solely to comply with federal requirements to obtain financing/guaranty from the U.S. Department of Energy for AOGP and in any event subject to applicable contractual limitations including those set forth in the Trust Agreement and each of the Credit Agreements (in each case, as amended).

F. Authority to conduct RFP processes for Operation and Maintenance and other Outsourcing Public Private Agreements for Modernization of Infrastructure and Expansion/Replacement Capacity (including with IPPs), with respect to (i) Transmission and Distribution Facilities and (ii) Existing and New Generation Facilities.

Proposed Amendments:

PREPA's Organic Act, the Energy Relief Act and the PPP Act would be amended to:

1. Specifically authorize PREPA to enter into any kind of Public-Private Partnership ("PPP") agreements permitted by Act No. 29-2009, including PPP agreements for long-term land leases, the development, concession, financing, construction, operation and/or maintenance of all or part of its electrical system or any other related facility/project. Execution of said contracts shall not require prior approval from the Energy Commission or PPP Authority. The authority shall have exclusive jurisdiction to run the RFP process for said PPPs, unless the Authority requires assistance from the PPP Authority or the Commission, as determined by the Authority.
2. Eliminate Energy Commission jurisdiction to carry out procurement processes related to the modernization of PREPA generation fleet and approval of selection and execution of related power purchase agreements.
3. The Authority shall be in charge of running the process of publication, evaluation and negotiation of RFPs, as provided by the Board and under surveillance of the Partnership Committee, which will be integrated by two representatives of the Authority, one representative of the Government Development Bank, one representative of the Energy Public Policy Office and one representative of the Authority for the PPP.
4. Expressly provide PREPA with the PPP procurement process requirements for a fair and transparent bidding and awarding of contracts, similar to the PPP Act but directed by PREPA. The amendment would, among other criteria as may be discussed with stakeholders, include what is provided by Section 8 (Partnership Committee), Section 9 (Procedure for the Selection of Proponents and Award of Partnerships), Section 10 (Partnership Contract, except for the power granted to contractors to fix rates provided in subsection (c)), Section 12 (Tax Liability and Benefits), Section 19 (Inapplicability of Certain Laws), Section 20 (Judicial Review Procedures).
5. As part of any RFP process, PREPA would evaluate and consider alternative means to achieve the objectives of the RFP, including by not bringing private capital to finance the capital projects being considered, and it will pursue the

alternative that best serves its customers in terms of improving the cost, reliability and quality of its services to its customers.

6. IPPs, would remain subject to Energy Commission regulation and oversight once the power plant comes on-line as an “energy company” under Act 57-2014.

G. Efficiency and Net Metering

Amend applicable laws to:

1. Revise Section 2.9 of Act 57-2014 regarding achieving “high efficiency” to provide that the Energy Commission shall ensure that the IRP selected plan guarantees efficiency in the generation of power.
2. Revise provisions on renewable RPS: Grant legislative waiver of 5 years and include hydroelectric power and distributed generation generated as counting towards compliance with RPS.
3. Revise Net Metering Act 114-2007 as follows:
 - a. Net metering customers will be compensated at a rate that will not trigger any cross subsidies that would economically harm other customers. Credits to net metering customers will be for the entire production for their systems (behind the meter consumption and amount exported to the grid) based on PREPA’s marginal cost.. In accordance with a revised mechanism and calculation of amounts charged and credited, Section 4 and Section 5 of Law 114 will be amended. Any PREPA regulation or existing agreement will be subject to the new established rate design.

H. CILT and Collections from Municipalities³

PREPA’s Organic Act would be amended to provide as follows:

1. The legislation will ratify that the provisions regarding CILT reform included in Act 57-2014 shall become effective and be applicable to municipal accounts corresponding to FY 2015 with respect to all aspects of CILT. However, to assist any municipality that may have exceeded its CILT cap in FY 2015 and owes PREPA an amount that cannot be paid in its entirety as part of the FY 2016 budget, an alternative mechanism shall be granted to come current with its debt,

³ Proposed amendments assume that the Energy Commissions pending CILT regulation is approved and that PREPA’s suggestions are incorporated therein.

including a separate payment plan or reduction of its Municipal CILT Cap for FY 2016.

2. Eliminate rebates of 40% if the savings are higher than 5%. The alternative is that the costs of such rebates shall be paid by clients as pass-through.
3. Municipalities must pay for amounts consumed in excess of CILT cap in currency, not by way of compensation or set-off.
4. The reference to 11% of gross revenues from fuel and energy purchases to calculate the amount from which to pay CILT and other subsidies and reserves, is replaced by CILT becoming a pass-through cost payable directly by customers. However, municipalities' consumption covered by the CILT continues to be capped as per Act 57-2014. Provision requiring 2% for stabilization fund is eliminated.
5. CILT will be expressly included as a line item in the bill to customers as part of the revised rate structure.
6. Include that if after collection efforts by PREPA in accordance with Energy Commission CILT regulation (which includes disconnection) a municipality still owes amounts to PREPA over the Municipal CILT Cap, PREPA shall notify CRIM and the CRIM shall deduct from any amounts otherwise payable by CRIM for the benefit of such municipality and remit such amounts to PREPA.
7. If a municipality still owes amounts and neither the municipality nor CRIM has remitted such amounts within thirty (30) days from PREPA's notification to the CRIM, PREPA shall notify GDB, and GDB shall include such amounts in the calculation of the delinquent municipality's borrowing margin, so that it is not available for other financing.
